DIAZ ABOARD U. S. GUNBOAT

Flees to American Consulate With Appeal for Protection.

FORMER MEXICAN LEADER REFUGEE

Washington Holds Action in Giving Him Asylum Fully Justified.

Vera Cruz, Oct. 28.—Gen. Felix Diaz applied to the American consulate during the night for protection and was taken on board the United States gunboat Wheeling.

Jose Sanoval and Cecilio Ocon, two Mexicans, and Alexander Williams, an American newspaper correspondent, who had made similar application to the consulate, were also taken on board the gunboat with General Diaz.

The fact that Gen. Diaz and two of his supporters were refugees on board the Wheeling was not discovered by the Mexican authorities until this morning. The flight took place after midnight, the three men taking the risk of an excursion over the roof tops, which were guarded by armed men, into the American consulate.

Were in Terror.

Gen. Diaz, with Jose Sandoval and Cecilio Ocon, dropped over a low wall and made their way into one of the rear rooms of the consulate. When they arrived inside the room they asked that Consul William W. Canada be called. Apparently suffering from great excitement they assured him, when he came, that their lives were in imminent danger. They declared they had knowledge that orders for their arrest had been issued and they begged for his protection.

In reply Consul Canada pointed to the waterfront some 200 yards distant. "There's a launch there," he said. "You better make a run for it."

The fugitives hesitated for some time to make the venture, as the street front of the American consulate was patrolled by detectives.

When they finally left the door of the consulate, the detectives on duty apparently did not recognize them and they walked deliberately through the street to the pier, where they presented a card from Consul Canada to the officer in command of the launch. The American naval officer hurried them on board, the launch cast off, steamed quickly across the harbor to the Wheeling, and put them on board.

Were Still Watching.

The detectives in front of the hotel and about the streets were still watching the place long after daylight.

It was late last evening when General Felix Diaz became convinced of the advisability of seeking American protection. From the hotel where he had been staying and which is contiguous to the United States consulate, he made his way to the consul's office and informed Consul William W. Canada he had received information that his life was in peril. He told the consul that a number of his adherents had been put in jail.

General Diaz was accompanied to the consulate by Jose Sandoval and Cecilio Ocon, who also requested protection for themselves.

The American consul at once took steps to have the refugees transferred on board the gunboat Wheeling which was lying in the harbor. The three Mexican fugitives and Alexander Williams, an American newspaper man, were taken to a small boat and hurried on board the American warship, where they were given accommodations.

METHODIST MEN TAKE UP PROGRAM

Death of Mrs. Fairbanks is Subject of Special Mention.

GREAT HALL FILLED

Indianapolis, Oct. 28.—At the opening of the Methodist convention here today special mention was made of the death of Mrs. Charles W. Fairbanks and regret expressed at the enforced absence of Mr. Fairbanks, who was to have presided at the first session.

In the absence of Mr. Fairbanks, Bishop David Moore, of Indianapolis, occupied the chair. Bishop Moore explained the purpose of the convention "as a kind of Jerusalem council," called to extend the work of the church along all lines.

Dr. J. H. Stanchfield, of Indianapolis, for Mr. Fairbanks, who was chairman of the arrangements committee, welcomed the delegates, who filled the large hall. Dr. Robert E. Speer, secretary of the board of missions of the Presbyterian church, told of his work of the past twenty-five years. Dr. Speer declared the problems of missions were constantly changing. He told how commerce and industry was bringing the utmost parts of the world closer together and was making of the world one great neighborhood.

"The mission of Methodism is determined by its message and its message is the message of Christianity," said Bishop William F. McDowell, of Chicago, in his address on "The Mission of Methodism." "What, then, is the message of Christianity? I will risk Christianity's case on one word—redemption—and on one person—the Redeemer. Redemption from all sin, personal, social and world sins from all those powers of evil which in any form destroy the lives of men. This is Christianity's message to mankind. The Redeemer is Christianity's gift to mankind. No other religion has a redeemer in it."

Besides congregational singing, music was furnished by the Indiana preachers' quartet.

AT B. & O. STATION

(Special to The Sentinel.)

Garrett, Ind., Oct. 28.—Frank Rynear, aged sixty-five years, night mail carrier and one of the best known residents of Garrett, met instant death at 10 o'clock Monday evening when he was thrown from the platform of the Baltimore and Ohio station, beneath the wheels of an eastbound passenger train, just pulling into the depot. WEDDING USHERS IN JUNE; NOW ACT AS PALL BEARERS.

Washington, Oct. 28.—Six young men of this city and Cleveland, Ohio, who acted as ushers at the wedding last June of Reid V. Dempsey, a young Cleveland optician, and Miss Stella Wheatley Carmichael, today will act as pall bearers at the young groom's funeral. Dempsey died in Cleveland Saturday and pursuant to his wish that he be buried in the town where he had found his bride, his body was brought here for interment. The funeral services this afternoon will be held in the same room where the wedding ceremony was performed four months ago.

DOCTOR IN FEAR OF BURIAL ALIVE

Gruesome Request Comes to Light in Will of Army Physician.

WANTED NO MISTAKE

Washington, Oct. 28.—In abject terror of burial alive, Dr. Rudolph Ravenburg, for a half century connected with the office of the surgeon general of the army, insisted in his will that a powerful poison be injected into his veins after he was supposedly dead in order that there should be no mistake. The gruesome request came to light today when the will was offered for probate.

"To make sure of absolute death," read the last testament, "I hereby direct that the undertaker, before burial, shall inject hypodermically a solution of two ounces containing ten grains of potassium cyanide into my veins, preferably into the external jugular vein."

Dr. Ravenburg was a graduate in medicine, although he never practiced. He served in the Indian campaigns and in the civil war in the regular army. He was buried in Arlington National cemetery ten days ago.

LEADS ATTACK ON PENSION RULING

Private Dalzell Voices G. A. R. Protest on New Proofs Order.

IT ANNULS BENEFITS

Washington, Oct. 28.—Led by "Private" John M. Dalzell, the Grand Army of the Republic is assailing a recent order of the commissioner of pensions that civil war veterans seeking pension must furnish proofs of their family name, their employment for the ten years preceding 1863 and produce a bible record of their family.

The objectors claim this virtually would annul the benefit intended for veterans under the Sherwood law, which contemplated increased pensions under simpler provisions.

Many deserving veterans would suffer, it is contended, by reason of the commissioner's ruling, for many would find it impossible to comply with the requirements. This, it was pointed out, was especially true of the negro veterans, many of whom were born in slavery.

STATE TROOPS RUSH TO MINES

Colorado Soldiers Moving on Coal Fields in Strike District.

GREEK STRIKERS PROMISE BATTLE

Governor Orders Out Militia When Peace Effort Proves Futile.

Denver, Col., Oct. 28.—Mobilized in approximately six hours, the commands of the Colorado national guard began moving toward the southern Colorado coal fields today where martial law will be established in compliance with proclamation. Adjutant General John Chase announced that he expected the first troop train to leave Denver before 10 o'clock this morning.

Telephone advices from Sheriff J. S. Gresham at Trinidad to the governor's office state that a large force of Greek strikers started at 6 o'clock this morning for the coal camps at Tobasco, Berwind, Hastings and Delagua announcing that they would attempt to take the camps and, if successful would hold them against the state troops.

By noon today eight infantry companies of state troops, now on their way in accordance with the orders of Gov. Ammons, issued this morning proclaiming a state of insurrection reached the scene of the coal miners strike in Huerfano and Las Animas counties and before sundown it is expected they will be joined by eleven other infantry companies, three troops of cavalry and two batteries of field artillery. Three other infantry companies will arrive later.

The scene of the disturbances is in the two counties of which Walsenburg and Trinidad are the county seats. The mines are reached by branches from the Colorado and Southern railroad and from the Denver and Rio Grande.

Governor Issues Statement.

Immediately after signing the order directing Adjutant General Chase to proceed to the mining district, with the entire militia force of the state Gov. Ammons made a statement as his reasons for issuing the order:

"I have no other recourse," the governor said. "Yesterday the situation got away from everybody. I am compelled to act. For 48 hours I had been trying to arrange a settlement, but the agreement to keep the peace during the negotiations was violated and the events of Monday shows that the leaders had not enough authority to prevent outbreaks. Any one who wants to work will be given protection to go and come in peace, but I will not allow the im-

NEW YORK MAIL STRIKE BROKEN

Strike-Breakers Drive the Motor Trucks; Mails Again Moving.

ISSUES ARE AT STAKE

New York, Oct. 28.—Most of the 125 motor trucks of the Postal Transfer company, tied up for nearly four hours last night and early today by a strike of chauffeurs, were in operation this morning with strike-breakers on the seats, and the congestion of mail matter accumulating for a time was being rapidly cleared up. Postmaster Morgan, who remained up all night, said at 9 o'clock that all mails were moving on schedule time.

Secret service men and police accompanied the strike-breakers. Officers of the transfer service said the places of the strikers were nearly all filled and that those who walked out would not be taken back.

The strikers demand a ten-hour day, with one hour for lunch; $3.75 a day, payable weekly; time and a half for overtime; one day off a week and recognition of the union. The present scale of wages is $100 a month for seven days a week work.

DECLARES RATES MUST GO HIGHER

Before Ideal Transportation Conditions Can Be Attained.

CLARK GIVES VIEWS

Washington, Oct. 28.—In an address to the twenty-fifth annual convention of the National Association of Railway Commissioners today Chairman E. E. Clark, of the inter-state commerce commission, declared that ideal transportation conditions could not be attained without an increase in rates. "An ideal transportation situation can be attained only by large additions to the facilities and great improvements in methods," said Chairman Clark. The added facilities can be secured only through expenditures from surplus earnings or from expansion of credits. In either way the total cost to purchasers of transportation would be increased.

Even if it be true that the present financial condition of transportation agencies is due to reckless, improvident or even dishonest financing in the past it would be a mistake to undertake to correct it by a policy of reprisal, which would impair the usefulness or efficiency of the carriers upon which the very life of the commerce of the country depends."

In view of the inter-state commerce commission's activity in preparing to make a physical valuation of the property of inter-state railroads the most important topic for consideration by the convention was that of the valuation of public utilities generally. Some of the subjects for discussion are proposed amendments to the act to regulate commerce; car service and demurrage. Express service and rates; plans for ascertaining fair valuation of railroads; railway service and accommodations; telephone and telegraph rates and service, and rails and equipment of railroads.

The discussions before the convention are purely academic as the body has no power to enforce orders or make new regulations.

WORK OUT PLANS FOR CELEBRATION

County Officials Take a Hand in Highway Dedication

HALLOWE'EN NIGHT

E. H. Kilbourne, who has been made chairman of the bon-fire committee for the Lincoln national highway dedication Friday night, has named Sheriff A. C. Gladieux and County Treasurer Herman Bueter as members of his committee, and today they are soliciting among the farmers whose land lies along the route of the proposed highway, asking them to do their share in blazing the trail of the great coast-to-coast road.

Both Gladieux and Bueter have interested themselves in the highway, and are doing all in their power to make the Hallowe'en celebration a success in this part of the state. Mr. Kilbourne states that the bon-fires along the route of the highway are to be lighted as the first automobiles along the roadway in the pageant start on the trip and pass the different points along the road, where preparations have been made to light fires.

W. B. Merrill, of the Fort Wayne Bill Posting company, has donated eight hundred sheets of poster paper to boost the dedicatory ceremonies through bill board advertising.

Mr. Biederwolf desires to know just how many automobile owners intend participating in the celebration on Hallowe'en, and asks automobile enthusiasts of the city to get into communication with him at once.

CALDWELL FIRES OFF BROADSIDE

Investment Bankers' Head Assails New Currency Proposition.

Chicago, Oct. 28.—George B. Caldwell, president of the Investment Bankers' Association of America, in opening its second annual convention here today said that stocks and bonds were down "almost to panic prices" because of the dissatisfaction of capital with the present and the last administrations.

"Good stocks and bonds are down almost to panic prices chiefly because of a lack of confidence and a belief on the part of investors that what we will get will be worse than what we have had, and that the corporations, especially the railroads, will not be given in the next three years a square deal.

Says Thrifty Poor Will Suffer.

Mr. Caldwell, who is president of the Continental and Commercial Trust and Savings bank of Chicago, urged that the thrifty poor would suffer most. "The little people, the host of small investors in stocks and bonds are the ones who will suffer most from reversion to uneconomic processes."

Mr. Caldwell criticized the pending currency bill along lines made familiar by other bankers and laid stress on the assertion that the normal responsibility of the government to safeguard the public credit was greater now than ever before.

Railroad financing, he said, soon must be effected on a broad scale as most roads had exhausted their first mortgages and the demand for new safety devices and equipment together with a decrease in profits would require the

ADMITS SLAYING OF DALLAS GIRL

Meade Barr, Paroled Indiana Convict, Has Made Confession.

DALLAS IS DOUBTFUL

Louisville, Ky., Oct. 28.—Supt. Peyton, of the Jeffersonville, Ind., reformatory, gave out a statement there today to the effect that Meade Barr, who was sentenced from Marion county, Indiana, in 1903, and paroled last April, had confessed to the murder of Florence Brown, in a Dallas, Texas, office building last July.

Major Peyton stated the reformatory official inquiry into Barr's story had not entirely assured them of his mental responsibility and they were inclined to turn him over to Texas authorities so that a complete investigation could be made.

DALLAS DISCREDITS IT.

Dallas, Texas, Oct. 28.—Chief of Police John Ryan, when told of the Barr confession today, said: "I went to Jeffersonville and heard Meade Barr tell his story of how he killed Florence Brown. I am satisfied that he could not have been the girl's murderer. He is anxious to be brought to Dallas, where he knows we could prove nothing on him and would be forced to release him."

Personal Efforts of Non-Partisan Supporters This Week Will Clinch a Splendid Victory at the Polls

(By the Non-Partisan City Central Committee.)

To the Voters of the City of Fort Wayne:

This committee again wants to admonish all friends and supporters of the non-partisan movement that this week is the time, not only to clinch victory, but to make it overwhelming. The campaign waged during the past two weeks by the spoilsmen only serves to make clear and emphasize the desperation and panic that prevail in their camp. The present week will witness an added intensity of bitterness with which the spoilsmen are attempting to resist this victorious movement of patriotic citizenship to establish a government of all the people in the city hall at Fort Wayne. With the decisive advantage of our situation in view, it behooves every friend of this splendid cause to devote his personal efforts to make our victory as great as possible. The cry of corporations is the same old wail that has assailed your ears in campaigns past. It is the cry of despair and defeat. The issue in this campaign is good government—good government in the matter of efficiency; good government in the observance of civic decency; good government in the enforcement of the laws. The campaign of the opposition is a contest for the spoils of office, and, in behalf of interests that seek lawless indulgence at the hands of local government.

Which side are you on? You can help Fort Wayne, or you can injure her, by your vote. Do not give your home city a black eye; stand fast by the non-partisan colors; rally your friends to you; make ready to claim your share in the splendid triumph of good citizenship that awaits the voters of Fort Wayne next Tuesday.

DIAZ ABOARD U. S. GUNBOAT

(Continued from Page 1.)

Felix Diaz and his party as refugees on the gunboat Wheeling in an official dispatch received at the navy department shortly after 10:30 a. m. The navy department immediately called on the state department to decide what disposition is to be made of the fugitives.

The gunboat Wheeling because of her light draft has been held at Vera Cruz with the single purpose of affording refuge to political fugitives as well as officials of the American embassy or other Americans or foreigners who might be in distress. The Wheeling was chosen for that particular purpose because she was able to approach the shore at Vera Cruz, whereas the big battleships under Rear Admiral Fletcher's command have been obliged to anchor about six miles out from the city.

Right Is Unquestioned.

Officials here say there is no question whatever of the right of a naval commander to extend asylum to such a fugitive as Diaz as there have been many precedents to support such action. In South American countries, and notably in Chile and and in Peru, where in recent years the right of asylum has been claimed and exercised, it has always been found possible for the American minister or consul to secure from the titular government a pledge of safe conduct for the fugitives from their place of hiding to the American ship.

In the case of Diaz, however, it is believed that the Washington government was prepared to go further if necessary and to furnish a marine guard, basing such an assertion of extra territorial authority on the general allegation of the existence of a state of practical anarchy, recognized by international law as a sufficient warrant for the exercise of such precautions. It is presumed that once on the Wheeling Gen. Diaz would be soon transported to one of the battleships in the lower harbor to remain until he can be transferred to one of the merchant steamers bound for another port.

Might Raise Question.

One of the possibilities in the situation, officials pointed out, was that the Huerta government might raise a question over the fact that Diaz is a brigadier general in the Mexican army. His resignation recently tendered to Huerta was not accepted. How far such a circumstance might enter into the situation was regarded as interesting, but officials here, without advices of any sort other than news dispatches, were of the opinion that Consul Canada and Rear Admiral Fletcher were within their rights in extending asylum to Diaz as a political refugee.

The policy of the United States in recent years has been to guard very jealously the extension of the right of asylum and its efforts have been generally directed toward greatly restricting such rights. At one time it was proposed to secure an international agreement abrogating the right of asylum to political refugees but that movement did not succeed. The latest position of the government as now applied to the situation at Vera Cruz by Rear Admiral Fletcher is laid down in the naval regulations as follows: "The right of asylum for political or other refugees has no foundation in international law. In countries, however, where frequent insurrections occur and constant instability of government exists, usage sanctions the granting of asylum but even in the waters of such countries officers should refuse all applications for asylum except when required by the interests of humanity in extreme or exceptional cases, such as the pursuit of a refugee by a mob. Officers must not directly nor indirectly invite refugees to accept asylum."

John Lind, President Wilson's personal representative at Vera Cruz had been instructed to offer asylum to any citizen of Mexico or any foreigners who might be in danger. Acting under such instructions, Mr. Lind might have greater freedom of action than a naval officer bound by regulations.

Made the Point Clear.

Officials here, however, have made it plain, within the last few days that they were prepared to give refuge to Diaz, in response to a direct question recently declared that the American government would give asylum to Diaz or any other person in danger who asked for it. It was pointed out that had former President Madero taken refuge in the American embassy in Mexico City he would have been protected. The problem of what to do with Diaz and his party, now that they are out of Mexican territory, may be solved, in the opinion of officials here by permitting them to take passage for some other land on a foreign ship. They probably will not be permitted to remain on the American warships. The fact, however, that Diaz is still an officer in the Mexican army or might be liable to arrest on a warrant might complicate the situation should he eventually take passage on a commercial ship lying in a Mexican port.

Officials here were convinced that Diaz was contemplating putting himself under the protection of the United States when he went recently under guard to a hotel adjoining the American embassy. His determination to remain in the city over Sunday was due to his presidential candidacy and a requirement of the Mexican constitution that a presidential candidate to be in Mexico on election day.

Admiral Fletcher's Message.

Admiral Fletcher's message was dated today on board the battleship Louisiana. It follows:

"At 7:30 Monday, American consul reported Mexican General Felix Diaz and two friends were in the consulate and were given asylum. At one a. m. Tuesday Diaz and two friends with Williams, American correspondent New York Herald got on board the Wheeling. All asked for protection. Will hold them, waiting instructions from Washington as to their disposition."

The message was at once laid before Secretary Bryan.

portation of strike breakers. I mean to be fair to both sides, while enforcing peace and protecting life and property."

The governor's orders to the adjutant general proclaim a state of insurrection, direct the disarming of both strikers and mine guards, order the closing of saloons in the district and the enforcement of the order against the importation of strike breakers, and prohibit the intrusion upon company property of all except company workers. They direct the preservation of law and order and the protection of life and property.

Violence Ends Negotiations.

The ordering out of the military came after a day of conferences. The strike leaders had yielded several points and the prospects for a settlement seemed good when the outbreak of violence in the district put a stop to further negotiations. The first conferences had hardly begun before word reached the governor that a hundred deputies had fired upon the tent colony of the strikers at Ludlow and that the strikers replying with shots, had caused the retreat of a trainload of guards proceeding to the Tobasco mine said to be besieged by the strikers. The report that the deputies had fired first was later denied. Late in the afternoon a party of guards proceeding across the hills to the relief of the Tobasco mine was attacked by strikers near Berwind and in the ensuing exchange of shots it was reported two strikers were killed and five wounded. A report that the strikers had captured several mine guards could not be confirmed but it was admitted the strikers had taken possession of a Colorado and Southern switch engine. The latest outbreak reported after the governor had decided to order out the troops was the dynamiting of the railroad bridge at Barnes.

Range of the Topics.

Discussion of the income tax law, which will become operative Friday, and the effect of proposed currency legislation and the recently enacted tariff measure, was begun here today by bankers and bond dealers from every section of the United States at the opening session of the second annual convention of the association. Among those who will address the bankers are James J. Hill, of St. Paul; Frank A. Vanderlip, president of the National City bank of New York; George W. Kendrick III, of Philadelphia; John E. Oldham, of Boston; Edmund D. Fisher, deputy comptroller of the currency of New York; George M. Reynolds, president of the Continental and Commercial National bank, of Chicago, Prof. Wm. A Scott, of the University of Wisconsin, and George F. Baker, chairman of the board of directors of the First National bank of New York.

Special trains, one bringing bankers from New York, Philadelphia and the Pacific coast, arrived today in time for the opening session. Delegates from banking houses in Montreal, Toronto and Nova Scotia also were in attendance.

According to George B. Caldwell, of Chicago, president of the association, the income tax law will be discussed only in an impromptu way. Railroad financing, public utilities bonds, trust deed features, investment banking and municipal and electrical financing also will be topics for discussions. The Rev. John Cavanaugh, president of Notre Dame university, will speak on "the Best Investment."

Mr. Rynear was pulling a platform truck along the tracks preparatory to taking mail from the train. It is said he accidentally got too close to the rails and as the train steamed into the station, the engine struck the truck and knocked him beneath the wheels.

Mr. Rynear had been a resident of Garrett nearly all his life and was one of the oldest members of the Garrett Christian church. Surviving he leaves the widow and one daughter.

THE NOON MEETINGS

THIS EVENING.

SEVENTH WARD—At Oliver S. Jones paint shop, 120 East Leith street; speakers, Charles H. Buck, Arthur W. Parry, Albert E. Thomas, Oliver S. Jones and other candidates.

SIXTH WARD—In storeroom at 1047 Wall street; speakers, Charles H. Buck, in German; Dr. Edward J. McOscar, Judge John H. Aiken, J. B. Mills and other candidates.

WEDNESDAY EVENING.

PRECINCT A, ADAMS TOWNSHIP—Eighth ward at St. Andrew's school hall on New Haven avenue; speakers, Charles H. Buck, Judge John H. Aiken, Dr. Edward J. McOscar, Joseph A. Haley, C. L. Lienker and other candidates.

More than two hundred Pennsylvania shopmen attended noon meetings today, one on Holman street and another at the Lafayette street entrance to the shops, and openly gave approval to the non-partisan movement. At the close of the shop meetings, Charles H. Buck, non-partisan candidate for mayor, went to the Rhinesmith & Simonson plant on Lafayette street and there he again addressed a large gathering of workingmen. As he started to leave when the factory whistles called the men back to their tasks, a cheer went up for him and cries of "Hurrah for Buck" were heard.

The two meetings at the shops this noon prove that when the Hosey people circulate the report that the Pennsylvania shops are solid for Hosey, they are misstating facts, because unlimited Buck sentiment was in evidence on the part of the workingmen.

The non-partisan meetings today were addressed by Judge Aiken, Mr. Buck, Arthur W. Parry, William C. Geake, James W. Loney and Judge J. Frank Mungovan.

Judge Aiken exploited Hosey's record as mayor, declaring that if he wants to stand on his record as the city's chief executive, his actions prove that he only represented partisan political interests and not the interests of the people of Fort Wayne. Mr. Aiken asserted that Hosey did not earn his salary as mayor and not only that, lost money the people paid in as taxes through his incompetent handling of public work.

In closing his address at Rhinesmith & Simonson's Mr. Buck said:

"I'll let no man or any group of men dictate my policies but the taxpayers of Fort Wayne."

Other Noon Meetings.

WED UNDER CHURCH RITE.

Religious Ceremony Unites Duke of Croy and Miss Leishman.

Geneva, Switzerland, Oct. 28.—The duke of Croy and Miss Nancy Leishman were married today according to the rites of the Catholic church by Abbe Blanchard at St. Joseph's church here. The church was crowded and several thousand of the inhabitants of Geneva assembled outside and cheered the bride and bridegroom as they entered and as they left. A wedding breakfast afterward was given at a hotel, the duke and the duchess of Croy being seated under a canopy of white flowers.

The bride's wedding dress was of white velvet. The duke and duchess later departed in an automobile to spend their honeymoon in Spain.

MIND WRECKED BY HAZING.

Oakland, Cal., Oct. 28.—George F. Fonts, who is said to have become mentally unbalanced as the result of a hazing received at school six years ago, was committed yesterday to the home for feeble minded at Glen Ellen. The alleged hazing was committed by four youths who tied a sack over the boy's head and told him they intended to bury him in the school yard. Young Fonts never recovered from the fright. The mother of the boy told her story of the hazing in court.

IN THE CHURCHES

WHY DO BOYS LEAVE HOME?

Supplies Theme for Evangelist Brown at Revival Service.

HITS FROM SHOULDER

Another large audience was present at the Third Christian church, Smith and East Creighton avenue, last night to hear Evangelist Jno. T. Brown on "Why Boys Leave Home." It was the largest Monday night audience ever present in the building. Mr. Brown calls a spade a spade. He strikes right out from the shoulders in a fearless way and condemns sins, whether they be in the church or out. He said:

"The church has got to get right with God before she can save the world. Card playing, theater going, dancing Christians have no influence for good in the church; they have no power to save, because the man on the outside who does not do those things will say, 'I am as good as your members.'"

The speaker continued: "There are fifteen million young men in the United States between the ages of fifteen and twenty-five and only two million of them are in active touch with the church. Where are your boys tonight? Some are in dens of vice in your city, some in the cess pools of hell, some in the dives of iniquity, thirteen millions not working in the churches. We are here to try to help save the boys. Some mothers wonder why boys are not interested in church work when they would leave a prayer meeting any time to go to a card party. There are thousands of Christian homes in this land where it is impossible to find a religious paper of any sort. The life of the boy will be influenced by the books and papers he reads and by his home environments. Parents, for God sake and the sake of the boy, make them the best."

"The baptism of the Holy Spirit or the Operation of the Spirit in the Conversion of the World" will be the theme this evening. There will be an illustrated song. Mr. Brown uses the stereopticon with good effect in most of his services. He says you must entertain the boys and girls at church if you expect them to come.

MANY PEOPLE MADE HAPPY

Saturday, October 25, was indeed a banner day for the United Specialists and their offices were literally crowded with patients until long after office hours.

A number were disappointed in not being able to get to see the doctors at all. While it was very unfortunate that some were unable to get an interview with these great Specialists, yet the one consoling thought is that the United Specialists have established a permanent institution in Fort Wayne and those who are afflicted from chronic and deep seated diseases have the satisfaction of knowing that they will be able to find them at any time and get the relief that they so earnestly desire. Since coming to Fort Wayne they have many times proved their superior ability, as can readily be seen by their numerous testimonials which have appeared in these columns from time to time. These testimonials are not only bonafide and sincere, but show conclusively the great scientific work that these specialists are doing and the superior results that can be obtained by a united effort and application of scientific men working in harmony.

Of course these doctors are entirely human and cannot cure every case, this everyone knows is impossible; but with their vast amount of apparatus, their magnificent equipment for thorough diagnosis, the very best and latest that can be found in medical discoveries—they are enabled to cure many diseases that have heretofore been considered as incurable or have utterly refused to yield to the ordinary treatment.

Many of their methods are decidedly unique and absolutely original and can not be obtained outside of their institutions.

They treat most all chronic and nervous diseases, such as rheumatism, blood poison, stomach, liver and bowel troubles; including special diseases of both men and women.

Their wonderful method of intravenous medication where the medicine is placed directly within the blood stream, has produced such marvelous results in tuberculosis and other diseases wherein the blood is in an infected condition.

Read the following testimonial that was given us only last Saturday:

FORT WAYNE, Oct. 25, 1913.

Since September 19th, I have been treated by the United Specialists and it is a pleasure for me to say that they have done me more real good than any Specialist that I have ever seen. Their superior methods certainly produce the right kind of results. Any man who is suffering from chronic, deep seated disease will not be disappointed if they are treated by the United Specialists, as I am sure they will do as well for them as they have done for me.

CHAS. FARRARRE,
Paulding, Ohio.

Notice—The United Specialists will give $100 reward if it can be shown that any testimonial they have published can be proved not to be genuine and signed by the party whose name is affixed to it.

Their office is located at 124 East Washington street. Hours, 9-12, 1-5, 7-8. Sundays, 9-12 only.—Adv.

NEWS OF FORT WAYNE'S NEIGHBORS

TRAPPERS ARE FINED.

Auburn, Ind., Oct. 28.—Bert Pattee and Ed. Bechtol, of Newville, paid fines and costs of $18.50 each Monday for trapping out of season. Charges were preferred in Squire Green's court by Deputy Warden William Fleming, of Fort Wayne, and Harry Walker, of Laporte. They also arrested Ralph Skull, southeast of Auburn, for hunting without a license. He paid a similar fine and costs. They also took into custody Teed Refner, of this city, on a similar charge but upon investigating the circumstances surrounding the case they called up Rodney D. Fleming, of Fort Wayne, their superior officer, and he ordered the young man released and suggested that they take up a collection and buy him a license.

"That's the kind of a man Mr. Fleming is," Deputy Walker said, "he has the biggest heart of any man I know. It was out of the fullness of his heart that young Refner was released."

FOUND DEAD IN BED.

Goshen, Ind., Oct. 28.—Michael Egan, aged about 70 years, a native of Ireland, and who since boyhood had resided in Elkhart county, most of the time in Goshen, was found dead in bed in his room over Eddie Collins' saloon. His demise was caused by heart failure. Coroner Mast conducted an inquest.

ILLEGAL VOTING CASE FALLS.

Decatur, Ind., Oct. 28.—The case of the state of Indiana against James Thompson, charged with voting illegally at the late local option election held in Decatur, was this morning dismissed by Prosecuting Attorney R. C. Parrish and the defendant discharged. The reason stated in the dismissal is that there was not at command of the state sufficient evidence to make a cause against the defendant. Mr. Thompson was in court this morning and when the case was called, waived arraignment and entered a plea of not guilty. The prosecuting witness had not appeared and after waiting for some time for him to appear, the prosecuting attorney filed his motion to dismiss.

WHITLEY PIONEER PASSES ON.

Columbia City, Ind., Oct. 28.—Joseph Hively, one of the pioneers of Whitley county, who came here before the war, and who was widely known as a hard working farmer and log hauler, is dead at his home three miles south of Larwill, where he had resided for several years. His death was due to Bright's disease, and he had been ailing for the past three years, but was able to be in this city four weeks ago last Saturday to do his trading. He was born near Mogadore, Portage county, Ohio, on May 1st, 1844, and was 69 years, 5 months and 26 days of age at the time of his death. He came to this county with his parents when a lad of twelve years.

ACCUSED FARMER RELEASED.

Huntington, Ind., Oct. 28.—Ed Westhafer, an employe of the Michaels farm, near Decatur, has been released from the county jail on cash bond of $350, after being in confinement for a time on criminal charges preferred by a young woman who resides in Wabash. Westhafer is well known throughout the territory surrounding Bippus. Recently the plaintiff in the case journeyed to Huntington from her home in Wabash and caused a warrant for Westhafer's arrest to be issued. Constable Johnson, of Huntington, arrested Westhafer at the Michaels home Saturday.

INHERITANCE APPRAISERS.

Huntington, Ind., Oct. 28.—Judge S. E. Cook, of the circuit court, has appointed appraise for the estates of Levi Hoover and Benjamin Satterthwaite, deceased, the appraisement to be used as a basis for assessing them under the new inheritance law. B. H. Hurd was appointed to appraise the Hoover estate and J. C. Altman will serve similarly for the Satterthwaite estate. The James M. Murray estate is now under consideration to find if it should be taxed under this law. These estates are the first reported by Judge Cook to the treasurer as likely to come under the inheritance law.

DEKALB PIONEER IS DEAD.

Auburn, Ind., Oct. 28.—John Miser, a Richland township pioneer, is dead at his home. Mr. Miser, eighty-one years of age, was one of those whose names has long been connected with the history of Richland township. He and his wife, long since deceased, raised a family of children, of whom the following survive: Emanuel Miser, Mrs. Henry Snyder and Mrs. John Kloepful, of this city; John Miser, north of Auburn; Mrs. Clutter, who was with him to the last, and Christ Miser, of East St. Louis, who has been here for some time.

WHIPPING INDICTMENT FIZZLES.

Albion, Ind., Oct. 28.—Miss Zola Kinnison, of near Kendallville, teacher of the Kline school this year, who was indicted by the grand jury on a charge of whipping a pupil in the Oak Grove school last year, is free.

The case was dismissed and the charges of the state dropped by the county prosecutor Saturday. It is understood that the grounds were not sufficient. The list of witnesses included nearly the whole school district in which Oak Grove is located.

WERE WED IN MICHIGAN.

Decatur, Ind., Oct. 28.—Floyd Smitley and Miss Lulu Opal Bess, two well known Decatur young people, left Saturday morning at 8 o'clock for Centerville, Mich., where their marriage took place that evening at 6 o'clock. The wedding was performed in the court house, and was performed by the justice of the peace of that town. The couple have returned to this city, and will make their home, for the present with the groom's parents, Mr. and Mrs. John Smitley.

DIVORCE ECHO OF MURDER CASE.

Auburn, Ind., Oct. 28.—The filing of divorce papers by Grover E. Ensley against his wife, Viona Ensley, recalls the murder case that was tried in the circuit court about a year ago. Ensley was tried for shooting Edward McLeod, who had been intimate with his wife. The jury brought in a verdict of not guilty. In his complaint for a divorce Ensley sets forth the fact that they were married in 1907 and separated September 10, 1912. The reason given for the separation was the associating of his wife with Edward McLeod.

KENDALLVILLE WOMAN DIES.

Kendallville, Ind., Oct. 28.—Mrs. Catherine Thorp, aged eighty years, a resident of this community for some time, is dead at the home of her daughter, Mrs. G. F. Kane, on Oak street. She had been in poor health for some time and death was due to a cancer with which she had been afflicted for some years. Surviving are four daughters, Mrs. Kane, of this city; Mrs. Hattie Cook, South Chicago; Mrs. Etta Lanning, of Sweester, and Mrs. Lottie Stanley, of Hartford City.

NEW ADDITION TO HUNTINGTON.

Huntington, Ind., Oct. 28.—According to reports, the famed Hawley's Heights, known as a near-public playground in Huntington for years, will be utilized as a building addition to Huntington on the consummation of a deal in which the Collins & Gauntlet real estate company of Chicago will purchase the tract of land north of Huntington. If the deal is closed the region north of Huntington will be turned into one of the prettiest residence districts in the state, say promoters.

BLUFFTON GIRL GETS LAND.

Bluffton, Ind., Oct. 28.—Miss Fannie Kellogg, a daughter of Mrs. Rose Kellogg, this city, has filed a claim for 160 acres of land near Gilman, Montana. She was there to spend several months with friends, and when some homesteaders let their claim lapse Miss Kellogg was one of several who filed on it. She was the successful applicant.

MANY HUNTING LICENSES OUT.

Albion, Ind., Oct. 27.—All records for the sale of hunting licenses will be broken in Noble county this season. Clerk Swinger already this month has issued 115 licenses and new applications are coming in daily. Many were also issued earlier in the year.

The Quickest, Simplest Cough Remedy

Easily and Cheaply Made at Home. Saves You $2.

This plan makes a pint of cough syrup—enough to last a family a long time. You couldn't buy as much or as good cough syrup for $2.50.

Simple as it is, it gives almost instant relief and usually conquers an ordinary cough in 24 hours. This is partly due to the fact that it is slightly laxative, stimulates the appetite and has an excellent tonic effect. It is pleasant to take—children like it. An excellent remedy, too, for whooping cough, spasmodic croup and bronchial asthma.

Mix one pint of granulated sugar with ½ pint of warm water, and stir for 2 minutes. Put 2½ ounces of Pinex (fifty cents' worth) in a pint bottle, and add the Sugar Syrup. It keeps perfectly. Take a teaspoonful every one, two or three hours.

Pine is one of the oldest and best known remedial agents for the throat membranes. Pinex is a most valuable concentrated compound of Norway white pine extract, and is rich in guaiacol and other natural healing elements. Other preparations will not work in this combination.

The prompt results from this mixture have endeared it to thousands of housewives in the United States and Canada, which explains why the plan has been imitated often, but never successfully.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this preparation. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

THE SENTINEL'S DAILY SCRIPTURE READING.

Heb. 12:1-13.

1 Wherefore seeing we also are compassed about with so great a cloud of witnesses, let us lay aside every weight, and the sin which doth so easily beset us, and let us run with patience the race that is set before us,

2 Looking unto Jesus the author and finisher of our faith; who for the joy that was set before him endured the cross, despising the shame, and is set down at the right hand of the throne of God.

3 For consider him that endured such contradiction of sinners against himself, lest ye be wearied and faint in your minds.

4 Ye have not yet resisted unto blood, striving against sin.

5 And ye have forgotten the exhortation which speaketh unto you as unto children, My son, despise not thou the chastening of the Lord, nor faint when thou art rebuked of him.

6 For whom the Lord loveth he chasteneth, and scourges every son whom he receiveth.

7 If ye endure chastening, God dealeth with you as with sons; for what son is he whom the father chasteneth not?

8 But if ye be without chastisement, whereof all are partakers, then are ye bastards, and not sons.

9 Furthermore we have had fathers of our flesh which corrected us, and we gave them reverence; shall we not much rather be in subjection unto the Father of spirits, and live?

10 For they verily for a few days chastened us after their own pleasure; but he for our profit, that we might be partakers of his holiness.

11 Now no chastening for the present seemeth to be joyous, but grievous; nevertheless afterward it yieldeth the peaceable fruit of righteousness unto them which are exercised thereby.

12 Wherefore lift up the hands which hang down, and the feeble knees;

13 And make straight paths for your feet, lest that which is lame be turned out of the way; but let it rather be healed.

VOL. LXXXI..... No. 54

TUESDAY, OCTOBER 28, 1913.

Give Fort Wayne Its Chance.

Upon the outcome of Fort Wayne's city election next Tuesday will depend results infinitely more important than the personal triumph of Mr. Buck or Mr. Hosey. The personal equation in the mayor's chair is of large concern only because of the things for which the two men stand—their position on matters affecting the city's interests, their attitude regarding the dispatch of public business, their conception of public duty, their position on questions of public morals and law enforcement, and the results likely to accrue to the city from the policy it elects to endorse at the polls.

The contrast is sharply drawn. Mr. Hosey, as the nominee of a partisan organization, can be reasonably expected to do neither more nor less than give the city a partisan government. You would not entrust the smallest detail of your individual business affairs to management based on partisanism. We had a four-year sample of the sort of administration Mr. Hosey conceives to be best for Fort Wayne. His record of failure to eradicate the vice district and his toleration of the Sunday saloon cannot be run away from. He is on record in a banquet address as declaring himself out of sympathy with regulative measures almost universally accepted as essential to good order and good government. He is weighted down in the present race by the practically unbroken support of the liquor interests, which have never been accused of dabbling in politics for the mere love of the game.

Opposed to Mr. Hosey and the partisan organization in this battle is Charles H. Buck, named as the non-partisan standard-bearer by men of all shades of political faith who purpose treating the administration of the city as business and not as politics. This splendid organization of live, progressive, wideawake Fort Wayne citizenship contends that Fort Wayne voters should take common ground in lifting city affairs out of narrow partisan control and administering them for the benefit of all the people. They offer candidates and a platform absolutely and definitely pledged to conserve every interest of the people and committed to positive and unequivocal enforcement of the laws regulating the saloon and conserving public morals. They have taken advanced ground on every issue that makes for the public good, for efficient government and for a greater Fort Wayne. People have voted for party in city affairs since Fort Wayne became a city. It is high time we were voting for Fort Wayne. The triumph of Mr. Buck and the non-partisan principle next Tuesday will give Fort Wayne its chance.

Just as the general public begins to coddle itself into the belief that it has been able to forget Harry Thaw and his infinite variety of troubles, the recent resident of Matteawan bobs up in court or elsewhere with some new phase of his case. He has now secured further delay of the New Hampshire extradition case to permit giving attention to his loving friend, Mr. Jerome, and that New York indictment for conspiracy in fleeing the insane asylum.

Betting boards about town are said to carry offers of odds on the election of Mr. Hosey. It will be recalled without difficulty that four years ago the wise boys were doing precisely the same thing for Mr. Schmidt, even down to the moment the polls opened.

Meanwhile, if you're making a lot of money, do not overlook the fact that the income tax law becomes operative next Friday.

HEED THE ENGINEER'S WARNING WHISTLE.

If you value your life more than the speed craze of modern country travel, heed the warning whistle of an approaching locomotive and stop your car ere it is too late. Remember that a locomotive engineer has some feeling towards humanity, whether you automobile drivers have or not. A short time ago I was driving my locomotive at the rate of sixty miles an hour with a heavy passenger train loaded with people. On approaching a road crossing I sounded the warning whistle and the engine bell was ringing, but owing to a small bushy-top tree near the railroad I failed to see an approaching auto and I think the auto driver failed to see the railroad at all, and ran his machine right under the pilot of my engine. There were only two men in the car, both occupying front seats. One of them got in the air before it was hit, and the other went with the pieces of the auto into a corn field on the other side of the road. The trainmen gathered the injured man up and loaded him in the baggage car while I fixed up the broken pilot of my engine. We took him to the next station, turned him over to a physician and went on about our travels.

Only yesterday I was running at a high rate of speed, and so were two autos. One had barely time to cross in safety, while I had the warning whistle wide open. The other had plenty of room to stop, but paid no heed to the whistle and drove his car, with two passengers in the rear seat, right under the pilot of my engine. I shut my eyes for a moment and then asked my fireman if they got across in safety. I took a long breath when he said yes, but the lady in the rear seat of the car was up in the air ready to jump out.

Think of others, and don't forget the locomotive men. Heed the warning whistle and stop your car before it is too late. W. F. JUNGLES,

A Locomotive Engineer, 2726 Holton Avenue, Fort Wayne, Ind.

Girlish Complexion Now Easily Acquired

"A skin of blended snow, cream and rose" is the way an Ohio correspondent describes her newly acquired complexion. She is one who has adopted mercolized wax in place of cosmetics, massage, steaming and other methods. Many who have tried this marvelous wax report that its effects are quite different from those of any other treatment. It produces a complexion of exquisite girlish naturalness, rather than one bearing evidence of having been artificially "made over." One that is indeed "Nature's own," the result of gradually absorbing dead particles of surface skin, permitting the younger, healthier skin beneath to show itself and giving its pores a chance to breathe. Mercolized wax, procurable at any drug store in original one ounce package, is put on at night like cold cream and washed off in the morning.

I have also had many favorable letters from those who have tried the wrinkle-removing face bath which I recommended recently. If any have mislaid the formula, here it is: 1 oz. powdered saxolite, dissolved in ½ pt. witch hazel—"Natalie" in The Woman Militant.

Seldon Morey is working temporarily at the Western Union office in the absence of J. L. Currier, who is on his wedding tour.

D. B. Kehler, treasurer of the Fort Wayne Furniture company, has gone to Chicago to secure an expert shaper employe for the folding bed department.

Thieves broke into the August Ehle cigar store, on Broadway, last evening, and took $8 worth of cigars and tobacco.

At Indianapolis yesterday Hon. William Fleming, of this city, in an interview, said that Allen county is good for a 4,500 democratic majority this fall.

Mr. Buck on Publicity and Systematic Improvements

To the Voters of the City of Fort Wayne:

Two progressive planks of the Non-Partisan platform read as follows:

PUBLIC BUSINESS TRANSACTED IN PUBLIC.

We demand that all public business shall be transacted by the common council and the various boards in public and not in closed sessions.

SYSTEMATIC BASIS FOR CITY WORK.

We condemn the policy of haphazard public improvements, and pledge ourselves to carry out all public work on a systematic, economic business basis, under comprehensive plans that will insure the greatest permanency of all public work, and prepare it to meet, not only the immediate demands, but the greater future needs of our growing city.

Much complaint has been heard of previous administrations conducting conferences with reference to the city's business behind closed doors; that is, in sessions from which the taxpayer, whose business was the subject of the conference, was excluded, perhaps on the theory that his presence would embarrass the conference. I deesire to give my full and complete endorsement to the proposition, laid down in the above plank, that all public business shall be transacted in public. Granting, for the sake of the argument, that no harm is done in the secret conferences, that have heretofore been complained about, still, in my opinion, the system is wrong and will always encourage the suspicion that business is being transacted in a manner contrary to the best interests of the taxpayer and for the benefit of some special interest or individual. The harm of these suspicions will readily be understood by all, and I assure the public now that no such suspicions will have any grounds upon which to rest, if I am elected Mayor of Fort Wayne, for any taxpayer shall have the right to be present at the transaction of any public business, and every effort will be made to keep the public fully informed as to the plans under discussion.

Every one, who will carefully read the second plank above quoted, will be impressed with the accuracy of the description of a situation which has long existed in the matter of public improvements, and much to the detriment of the city as a growing whole. Nothing can contribute so strongly to the systematic and symmetrical growth of a city as the promotion of its public improvements along systematic and symmetrical lines. There have been repeated complaints from nearly all parts of the city that growth has been stunted by reason of the failure of the administration to extend improvements as rapidly as the demand for such improvements was created. This condition naturally retards growth, and we believe that great improvement and benefit to our city can be secured by a proper response to these demands, upon a systematic basis and that, under proper handling and guidance, a great impetus can be given to the growth of our city.

Sincerely yours,
Adv. CHARLES H. BUCK.

OBITUARY.

Mrs. Annie Frances Rodgers was born in Van Wert county, Ohio, Sept. 9th, 1870; died Oct. 24, 1913. She removed with her parents to Fort Wayne, Ind., in 1891.

When a child of twelve years at a revival meeting which was being held in the neighborhood of her girlhood home, she yielded her life to Christ, whose she was and whom she endeavored to serve through the years that followed. Two years after the arrival of the family in Fort Wayne she united with the Methodist Episcopal church and in January, 1904, transferred her membership with that of her husband to the Free Methodist church, of which she had since been an active member.

MRS. ANNIE FRANCES RODGERS.

In September of 1902 she was united in marriage wkith Del V. Rodgers. She was a devoted and faithful daughter, and an affectionate and tender wife and mother. She made many friends and won the confidence and esteem of a large circle of acquaintances.

During her late sickness, which lasted less than a week, all that loving hands could do for her recovery was done, but to no avail. God had chosen her to join the ranks of the triumphant.

She leaves to mourn her loss her husband, D. V. Rodgers; a son, Robert, of eight years; her parents, Mr. and Mrs. Steven Roberts; two sisters, Mrs. Myron H. Pease and Mrs. Christ Howard, together with a large number of other relatives and friends.

The funeral services were conducted by Rev. Earl F. Aiken from the Bowser Free Methodist church at 2:30 oclock. Interment was made in Lindenwood cemetery.

A riot of fun at the grand opening, Jefferson, today.

You Can Surely Get Thin

So Surely That We Guarantee It Here's a New, Scientific Way

We make a product called Berledite a simple anti-ferment. Some time ago physicians found that this product stopped fat from digesting.

So we put up this product in tablet form and made clinical tests in obesity. A thousand tests proved that the use of the tablets led to constant fat reduction. Now the product is sold in tablet form, solely for use in obesity. The tablets are called Berledets.

The effect is simply to stop the digestion of any fat-forming food. Such food, apparently, passes out undigested when one takes Berledets.

Take one after each meal.

The object is to starve the body of fat, just as with rigid dieting. Then the body, to get the fat it needs, feeds on the stored-up tissue.

The result is reduction in a natural way. Berledets simply do what dieting does—simply starve the body of fat.

These results are so sure that we guarantee them. Each box of Berledets contains a legal warrant.

Harm is impossible if you stop the treatment when you get thin enough. Within 24 hours from the time you stop, fat digestion begins again.

Berledets are sold now by druggists. Price $1 per box—enough for a two weeks' treatment.

"Berdelets" are sold and recommended by

Wear Ever Aluminum Cooking Utensils

By Miss Hessler, an authority on Cooking. Today she will roast a pot roast on top of stove without using any water. Wednesday she will bake pancakes on an Aluminum Griddle without using any grease.

Try this Test

Place an aluminum utensil, empty, over a fire and when utensil has become heated throughout, throw into it a pint of ice-water. You will find the utensil unaffected.

That's one reason why "Wear-Ever" ware lasts a generation. But there are other good reasons.

Each "Wear-Ever" utensil is made from *thick*, hard sheet-aluminum, 99% pure, without joints, seams or soldered parts. No coating to peel, crack or blister. Cannot rust, cannot form poisonous compounds with fruit acids or foods.

Aluminum is a better distributor of heat and retains heat longer than other materials of which cooking utensils are made. Less fire therefore is needed. In fact, *by saving 5 minutes in cooking each meal, you can save 90 hours on your fuel bill for the year.*

"Wear-Ever" ware saves you food too. Aluminum utensils are less liable to scorch food than others. And even if you let them boil dry "Wear-Ever" utensils can be cleaned without difficulty and will be found uninjured.

Figure then what "Wear-Ever" ware will save you in fuel, food, trouble, and expense for continually replacing worn out cooking utensils.

Replace utensils that *wear out* with utensils that *"Wear-Ever."*

HOSEY AS FRIEND OF WORKINGMAN?

Thomas Says Record Shows He Never Did Anything for Labor.

TWO BIG MEETINGS

"William J. Hosey says he is your friend," said Albert E. Thomas Monday evening in addressing non-partisan voters at a meeting in the Sixth ward, at 2028 Broadway. "He says he is your friend. He says so, but that is all he does. William J. Hosey has no facts or other proof that he ever did a thing for the laboring men."

Mr. Thomas went into Mr. Hosey's record and told the voters of the Sixth ward that Hosey was an incompetent, and offered in proof the things done by the administration when Hosey was mayor. The meeting was well attended and those present were not there for the purpose of simply looking on. They expressed their approval of the non-partisan movement as the only means of lifting Fort Wayne out of the rut caused by political machine operations.

Others who spoke besides Mr. Thomas, were Charles H. Buck, non-partisan candidate for mayor; Homer C. Underwood, J. B. Mills, James A. Lechler, Charles M. Preble and other candidates. Earlier in the evening Mr. Buck attended a meeting in the Ninth ward and was accompanied to the Sixth by Messrs. Lechler and Preble. The Ninth ward meeting was held at the Ideal Auto works, and addresses were made by Perry A. Randall, B. Paul Mossman, Howard L. Townsend, Frank Kintz and other non-partisans.

Hosey's Record.

"William J. Hosey says in his speeches that he went to Indianapolis and got through a law giving you a lower cost for the elevation of tracks," continued Mr. Thomas, in discussing Mr. Hosey's record. "Do you know what Hosey really did? He went to Indianapolis, up in the gallery of the capitol building, stood around on one foot while the track elevation matter was being threshed out, came home and said he did the work, when in fact he did nothing whatever.

"The fact is that Hosey did not elevate tracks in Fort Wayne at all. He simply put a hole in the street and then says he is the father of track elevation. Hosey elevated tracks at Calhoun street five feet and sunk a hole in the street eleven feet deep. Think of it, gentlemen. The law said that tracks should be elevated sixteen feet. Hosey elevated them five and sunk the street, your principal thoroughfare, eleven feet into the ground. Then he says he is the father of track elevation and wants you to support him on his record."

Friend of Labor.

"Hosey says he is also an engineer and a friend of labor because he once worked in the shops. He did work in the shops; spent thirty years of his life at a bench and in all that time never got a single promotion and never took out a union workman's card or joined hands with his fellow workmen in improving their working conditions. Has he, therefore, any claim to the title of laboring men's friend?

Mr. Buck's Record.

"Charles H. Buck, the non-partisan candidate for mayor is a printer by trade. He started to work as a boy and won so many promotions that he soon became foreman of the shop in which he worked. He also took out a union card, joined the men who worked at the same trade and helped them fight the battles that the laborers are compelled to fight so often. Charles H. Buck has always been a friend of the masses and as organizer of four building and loan associations, made it possible for working men of Fort Wayne to put up more than $400,000 worth of homes in which to reside as their own homes. In this part of the city, especially, hundreds of laboring men today own their own homes because of Mr. Buck's business forethought and ability to organize associations for the benefit of the workingmen.

"What did Hosey ever do to help the workingmen get their own homes? The only houses Hosey ever built are the one he lives in himself, and the one he furnished funds for in the city's 'red light' district," said Mr. Thomas.

"Mr. Buck also assisted in the organization of one of the strongest benevolent associations in Fort Wayne, one with a membership now of 1,200 or more, and whose purpose is to provide funds to the poor and needy, to the widows and orphans and to benefit mankind. What constructive genius has William J. Hosey ever showed in helping the workingmen? He never belonged to an organization except the democratic city machine to get him back in office as mayor under the false title of 'laboring men's friend.'"

The Solution.

In closing Mr. Thomas declared that the only solution of the governmental problem in Fort Wayne, is to rid the city of partisan politics and the things suffered while Hosey was mayor, and elect a non-partisan ticket, placing efficient men in office, and pledged to a platform that does not have to pay political debts. A platform that "has to redeem but one campaign promise, and that, to benefit and uplift our city."

Has Made No Promises.

Homer C. Underwood was loudly cheered when he declared that Mr. Buck, the non-partisan candidate for mayor has made no promises to any man or groups of men. Mr. Underwood told the voters to disbelieve any stories to the contrary, and stated that Mr. Buck has positively promised appointment to nobody.

Mr. Underwood also told the voters that Hosey's organ falsifies when it says the non-partisan movement was brought into existence behind closed doors. He surprised those present by stating that Chairman Guy Colerick, of Hosey's committee, was invited to attend the meeting with other democrats and every voter in Fort Wayne had been urged to attend these meetings as they were held from time to time.

Hosey in Sixth and Seventh.

Mr. Hosey, the democratic nominee, addressed two south side meetings Monday night, speaking first in the Seventh ward and later in the Sixth. He promised additional improvements to those sections of the city and declared he would continue the work of track elevation.

Other Hosey addresses were delivered by Frank R. Dulin, Fred E. Zollars, attorney for the Pennsylvania Railroad company; H. Waveland Kerr and a number of the other candidates.

Rent Room for Meeting.

The democratic city central committee has rented the room on West Main street formerly occupied by the Seavey hardware store, and plans to hold a closing campaign rally there Saturday night. The Jefferson drum corps will parade the streets and later go to the meeting and assist in swelling the attendance.

Socialist Meetings.

Daniel White, of Chicago, here in the interests of the socialists, spoke in the Ninth ward Monday evening. He outlined the basic principles of socialism, and urged the voters to support the socialists' ticket in the coming election, especially the socialists' Ninth ward candidate for councilman. At noon today Mr. White spoke at the Electric works, and this evening he will address the voters at Broadway and Taylor street.

For Dandruff Use ZEMO!

A Remarkable Remedy Stops Itching Instantly Prevents Baldness

Get a 25c Bottle Today and Prove It.

ZEMO makes dandruff disappear in a wonderful way. It's clean, acts fast, contains no oil. Every speck of dandruff is a warning that thin, lifeless, gray hair and early baldness are already started. It's on the way! It's really scalp eczema! That is why ZEMO stops it, as well as all scalp itching, crusting or soreness, so promptly.

ANTWERP NEWS.

Antwerp, Ohio, Oct. 28.—The old married people, of Payne, gave a very enjoyable masked cotillion party Friday evening. N. G. Osborn and Miss Flossie Johnson, of this place, furnished the music, piano and drums.

Mr. and Mrs. John Moat, of Fort Wayne were guests of friends at this place, their former home, Saturday.

Joseph Doering, Mrs. James Sexton and Mrs. N. Harmon arrived home from Columbus, Ohio, Saturday, where they had spent the week in attendance on the grand lodge meeting of the F. & A. M. and O. E. S.

AT THE TEMPLE

The best and prettiest act on the Temple bill just now is the dancing on a slack wire by Togan and Geneva. These daring young acrobats do really wonderful things, dancing, jumping forward and backward and running. Togan also turns a somersault. It is thrilling and altogether a high class act received with great enthusiasm by the audience that packed the house yesterday.

Mr. and Mrs. James R. McCann present a pretty playlet called "My Dixie Dad." There isn't much to be exciting in the lines, but Mr. McCann and his assistants, too, for that matter, present it with a finish that makes the act pleasing and everyone enjoyed it. Mr. McCann's acting needs no new bouquets. He is too well known and a favorite here.

A bright line of talk and song that is diverting and pleasing without being coarse is that by Frank Killion and Dick Moore. Their songs and sayings of "now-a-days" are just bright and talky enough to please while their singing is melodious enough to really delight those who appreciate a good voice. They made a hit and came back until they had evidently reached the end of their recalls.

Tim McMahon, the blackface comedian who can stutter, gets off a new line of jokes and the eight dancers, who sing as well as dance, make up the company in the "Pullman Porter Maids." The electrical lighting and the spectacular staging make the act unusual. The staging is said to be one of the biggest acts in vaudeville and on seeing it is easy to believe it. Billy Barlowe, an extemporaneous joker, gets exceedingly familiar with the audience and fires his remarks apparently to many individuals, all of which tickled the audience immensely.

AT THE EMPRESS

One of the Empress' best weeks of entertainment is now on. There's plenty of variety, more than the usual quantity of real humor and fun is as plenty as laughs are in the audience. To hear Happy Jack George "orate" is worth going some miles for and to see Joe Whitehead demonstrate what a real wag is like, is to appreciate some genuine comedy that appears to be as spontaneous as a child's laughter.

Besides, there are the Seven American Whirlwinds, the star and sensational acrobts who have been here before and never leave an audience doing anything less than giving them that kind of praise which makes the hands sting. Their act is faster than ever and exhibits of strength and tumbling well merit the name of "whirlwind." The company is a wonder and their work is beautiful.

Each of the acts mentioned made the kind of a hit that means the act is prolonged to its limit in time. Mr. George has one of the funniest laugh makers seen in a good while. Mr. Whitehead is unlike anyone else except in his imitations. Then he is like anyone he chooses to impersonate. His work is so quick that the audience misses something now and then. A slow thinker or an indifferent listener will lose a part if he doesn't watch out.

As good a playlet as one would expect to find in vaudeville and one that is exceedingly well acted and put on, is "The Fighter and the Boss," presented by George Mackey and Richard Milloy. It is like high class melodrama and held the breathless attention of the audience. Katherine Klare, who sings pretty Irish songs, gowns the act in beautiful taste and otherwise pleased her listeners. Barton and Lovera are a man and woman who open the program and do "whirlwinds" in dancing and acrobatic comedy stunts that are classy, sometimes funny and sometimes beautiful. Glittering costumes and the high lights help out in making them attrtetive.

NOT TO APPEAL TO UTILITIES BOARD

Commissioners and Traction Company Will Remedy Crossing Danger.

NEWS OF THE COURTS

The board of county commissioners will not refer the matter of eliminating dangerous grade crossing conditions at stop 8 on the Fort Wayne and Bluffton interurban line to the Indiana utilities commission. The matter was taken up today with General Manager S. W. Greenland, of the Fort Wayne and Northern Indiana Traction company, owner of the line, and on Friday the commissioners and Mr. Greenland will make a thorough inspection of conditions at the crossing. It is believed by the commissioners and Mr. Greenland that the situation can be remedied without intervention of the state commissioners. It has been suggested that in addition to removing some of the obstructions that permit a view of the track an electric alarm bell for the daytime and an electric danger signal for night be established at the crossing, the device to be such as will operate when traction cars are within a certain distance.

Notes of the Courts.

In a suit for divorce and a restraining order filed today in the superior court Maud Weimer charges that Arthur W. Weimer has a violent and uncontrollable temper, that he had treated her with great cruelty and that he abuses and strikes their 5-year-old child without cause. The court issued an order to restrain Weimer from molesting either his wife or his child.

The forenoon was spent in the superior court obtaining a jury to try the case of Clarissa Buchanan vs. Flora Weis, a suit for $5,000 damages for personal injuries.

The Great Northern Manufacturing company has asked for a change of venue from the presiding judge in the superior court in its suit against the White Fruit house.

In the superior court suit of the Citizens' Trust company vs. Jesse Butler, et al., Charles A. Wilding, one of the defendants, has filed a cross complaint.

The Savings, Loan and Trust company of Auburn, Ind., has filed suit in the circuit court against the estate of Alice Grats, deceased, and Jacob F. Snyder for foreclosure of mortgage, demanding $319 and attorney's fees.

The Jackson & Perkins company, of New York, has sued S. Bash & Company in the superior court for $200 on account.

Judgment for $150 for the plaintiff was rendered by the superior court in the case of Frank Nitzsche vs. Clyde Drollinger for injuries.

The cases of Edward Hamerle vs. William Rinehart, one for $3,000 and the other for $5,000 damages for personal injuries have been dismissed from the superior court.

The Schmoller & Mueller Piano company has sued Emma Morris in the superior court on complaint in replevin, for possession of property and $100 damages.

Harry B. Jackson, wanted in Peru for wife desertion, was arrested at Sprankle Station today by Deputy Sheriffs Courdevay and Mills on a warrant from Miami county. The sheriff of that county will come for him today.

CASE UNDER ADVISEMENT.

Justice Henry Graebner has taken under advisement until Friday the surety of the peace proceedings brought by Burton McKinley against Lyman Fry. The hearing was held yesterday afternoon and brought out some racy testimony of Fry's relations with Mrs. McKinley, the 19-year-old youth whom McKinley thrashed after dragging him from an interurban car at Huntertown Sunday.

LICENSED TO WED.

Ollie Minnick, ironworker, 27, and Mae E. Everts, 40.

Charles E. Stuck, metal polisher, 21, and Margaret E. Rondot, 19.

Edward E. Hensch, knitter, 21, and Marie O. Oertel, 23.

John A. McIntyre, telegraph operator, 25, and Erma C. Parrin, 20.

The Olive club, composed of nearly one hundred members, will give a party Thursday evening at the club rooms on Maumee avenue. A very elaborate lunch has been prepared and everyone is anticipating a fine time.

E. G. Anderson, the tea and coffee merchant, whose place of business is located on West Berry street, attempted to board an interurban car at the corner of Berry and Calhoun streets at 2 o'clock this afternoon and was thrown to the pavement. He was painfully but not seriously injured by the contact with the pavement, but continued his trip on the traction car after having been picked up.

Human Hair Goods

To Be Demonstrated and Sold All This Week

By MLLE. SNYDER, of New York

We are pleased to announce another sale from one of the largest manufacturers of hair goods in New York, since the ladies of Fort Wayne will remember our demonstration of last year and our successful selection of goods and reasonable prices.

Clearing the Complexion And Other Secrets

By CLAIRE AINSWORTH.

Clearing the complexion is not really a difficult task, but it does require persistence in the use of the treatment and a discontinuing of unwholesome diet.

Pimples and blackheads result from overeating, poor digestion and failure to thoroughly cleanse the skin. Rich foods or greasy foods should be avoided; then begin taking one grain tablets quinoxide and continue for several months until the skin whitens and clears. Regular massage with a pure cold cream such as gloriol emollient will greatly aid in clearing the skin, filling hollow cheeks, removing wrinkles, etc. This emollient makes beautifully tinted complexions.

To thoroughly protect a delicate skin and a beautiful complexion when going out into the sun, wind, etc., I think there is nothing that answers the purpose so well as gloriol balm, a pure white vanishing cream.

Overfatness is a bane to existence without doubt, and for such unfortunates I advise careful dieting and a course of treatment consisting of five grain phythy-rin tablets, which are supplied by pharmacists in sealed tubes with full directions.

The hair of many women is too dark and lacks the lustre and color that nature intended owing to an excess of oil. To obviate this condition, I recommend the use once a week of a thoroughly good dry shampoo made by mixing 4 ounces of powdered orris root with 2 ounces of antiseptic vilane powder. A tablespoonful or more kneaded through the hair and then combed and brushed out will wonderfully beautify the hair.—Adv.

Race for Prizes in Wildwood Magazine Contest Coming to Finish.

Half a dozen subscriptions to the Wildwood Magazine were submitted by boys and girls in the contest today, and the race for the gold prizes is becoming interesting. The girls have just started to work, but it is thought that a number of them will make a hard fight for first place. Only a few more days of the contest remain.

Turn Hair Dark With Sage Tea

If Mixed with Sulphur It Darkens so Naturally Nobody can Tell.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's treatment, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product called "Wyeth's Sage and Sulphur Hair Remedy" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray disappears, but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive; besides, prevents dandruff, itiching scalp and falling hair. —Adv.

MOOSE WILL EAT REAL MOOSE MEAT

Program Will Follow Feast to Be Held by Local Lodge.

YAPLE TOASTMASTER

Real moose meat will be the principal item on the menu for a sumptuous banquet to be spread this evening by the Loyal Order of Moose, in the lodge room at the corner of Washington boulevard and Calhoun street. The banquet is to be followed by an entertainment program, and it is said that the festivities will mark one of the most brilliant social events of the season in Moose circles.

The moose meat for the spread this evening is from a moose killed in New Brunswick recently by two Fort Wayne hunters, Louis Wiegmann and Samuel Kuntz. The animal's antlers had a spread of 48½ inches. The hide has been sent to Chicago to be mounted, and will be returned to Fort Wayne to grace the lodge rooms of the local lodge.

Judge Carl Yaple will preside as toastmaster and among those who will respond to toasts are Harry Hilgeman, Harry G. Hogan, Guy Colerick, Maurice Niezer, Charles M. Niezer and F. A. Emrick. Music will be furnished by the Moose orchestra. The program this evening is in charge of George Schacher, Frank Shuster and Fred Hilgeman, and they will be assisted by members of the house committee. Carter J. Wright is caterer.

A riot of fun at the grand opening, Jefferson, today.

Compare our work with that done by others and you can easily recognize the "Quality" of our process. Troy Dry Cleaning Co., phone 6003.—Adv.

Gold Seal Cigars for mine. 28-30-1

The annual children's festival of the Yeomen's lodge will be given Thursday evening under the auspices of Fort Wayne lodge, No. 376, Brotherhood of American Yeomen. An interesting program, including songs, recitations and drills, has been prepared, and will be presented at the I. O. O. F hall. One of the features will be the presentation of the state banner to the local brotherhood, for having secured the largest number of new members during the quarter just closed. The presentation will be made by State Manager H. W. Meyers, of Chicago.

I bet you never tasted such Cigars as good as the Gold Seal. 28-30-1

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

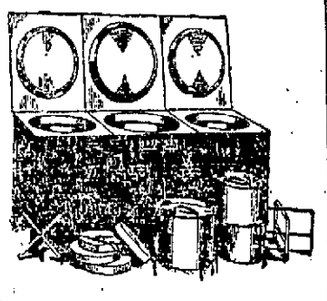
THE IDEAL FIRELESS COOK STOVE

An automatic maid, that never gets careless, never wants a day out, never burns the food, never wants to leave—that relieves you of three-fourths of your kitchen work, saves you four-fifths of your fuel bill—and cooks the most delicious meals you ever tasted.



Roasts, Bakes, Steams, Stews, Fries, Boils.

Aluminum lined, water sealed top, perfectly insulated, beautifully finished—no other fireless cook stove like it.

Fireless cooking is the simplest of all methods of cooking. Follow your own favorite recipes—the food will be more nutritious and more delicious than you have ever before served.

HEAT INSULTATION.

Fireless cooking is made possible only by heat retention. Over a gas flame, or any other fuel, heat is produced constantly, but not retained. The fire must be kept going every minute, because the heat will be lost as rapidly as a slow fire can create it.

Only a very small part of the heat created is absorbed by the actual cooking process; all the rest is wasted fuel for which you pay.

Once cooking has been thoroughly begun, it will continue as long as the heat is retained. And the food will be cooked better than by the continuous process, which boils and steams away valuable food properties, besides cooking too rapidly.

The whole secret of heat retention is found in perfect heat insulation. A fireless cooker can lose heat in two ways: through its walls and through its top. Our WATER SEALED, heat insulated top makes it impossible for heat to escape in that direction, and our walls, being the thikest sheets of aluminium used, stop it at the sides.

Call and see it.

STORY HOURS TO BEGIN SATURDAY

Popular Feature Will Be Resumed at Public Library

FOR THE CHILDREN

The story hours for younger children at the public library will begin next Saturday morning, November 1st, at 10 o'clock and will continue regularly at this time throughout the winter. Children of the kindergarten and first four grades in school are invited. Over one thousand children listened to stories last winter at the public library.

Story telling is the most successful means which has been employed for getting children acquainted with good books and arousing their interest in them. The stories are told informally, care being taken to avoid all artificiality and self-consciousness.

A series of stories from the great children's opera, "Konigskinder," by Humperdinck, will be told, besides the standard miscellaneous stories.

FUNERAL NOTICES.

Schrader—Funeral services for Anna E. Schrader will be held Wednesday morning at 8:30 o'clock from St. Peter's Catholic church. Interment at the Catholic cemetery.

LACK OF MONEY DELAYING WORK

Wabash Receivers Promise Best of Effort on Harrison Street.

THE MUNICIPAL NEWS

That the work of grade separation at Harrison street has been delayed by lack of money was the reason given by the receivers and other officials of the Wabash railroad in a conference with Mayor Jesse Grice and the board of public works today. The conference was held on the ground and with the mayor and board the visiting party viewed the present state of the work. Besides the city officials there were present Messrs. F. H. Delano, William K. Bixby and Edward R. Proyor, receivers for the road; General Manager Henry Miller, Superintendent S. E. Cotter, Chief Engineer O. H. Cunningham, Division Engineer W. S. Danes and other Wabash men.

Mr. Pryor stated that the Wabash had already exceeded its appropriation for work in Fort Wayne by $155,000 and that it would be necessary to go to the federal court for authority to spend the money necessary to complete the railroad's work in the Harrison street grade separation. He said the matter would be taken up at once and every effort made to get the appropriation and let the contract for the building of the bridge work. The visitors were impressed by the progress the Pennsylvania company has made with its work at Harrison street. All of them agreed that the Wabash ought to get its work done with all possible dispatch. They were loud in their praise of the improvement wrought by the cutting away of the hump on Old Grand street in front of the Wabash company's new passenger station and of the plans for establishing the ornamental lighting system in the section.

The receivers stated that as soon as they returned to St. Louis they would take steps to order the placing of the big concrete slabs for the bridge at Broadway in order that work on that improvement might go forward to completion.

The mayor and the board were given final assurance that nothing would be left undone to get the Harrison street contract let, not only because of the fair and considerate treatment the road had received in Fort Wayne, but because the opening of Harrison street was of importance to the company's freight traffic. The receivers stated that the new passenger station would be completed on or before the first of next January.

COUNCIL MEETING TONIGHT.

Heavy Grist of Matters Likely to Be Presented.

Numerous matters are scheduled for presentation to the city council tonight. There will be a recommendation that the ordinance for placing all wires in the fire limits under ground and a divided report on the ordinance fixing the salary of the police matron at $75. This latter ordinance has met with strenuous opposition heretofore, but its friends believe it will be passed tonight by a narrow margin. It is not improbable that an amendment will be proposed to cut the salary down to $55 per month.

The board of safety will have an ordinance introduced to appropriate $5,200 to the fire force pay roll account in order to provide for an increase of salaries voted last year after the annual appropriations had been fixed.

Comptroller Cutshall will send in an ordinance appropriating $159.50 to pay the expenses of the recent bond issue and $165.73 to pay the cost of exchange in the remittance of $299,000 to New York to retire old bonds.

The ordinance being prepared under direction of City Forester Getz to prohibit the planting of poplar trees in the city and providing a penalty for its violation will not be introduced tonight.

A number of minor ordinances are likely to be presented.

TO OPEN BEAVER AVENUE.

The resolution to open Beaver avenue from Home avenue to Broadway, was confirmed by the board of works at yesterday afternoon's meeting. A declaratory resolution was adopted for establishing ornamental lights on the center line of Lawton place from Spy Run avenue to the St. Joe river. Twenty-five property owners on Erie street filed a remonstrance against the proposal to pave that thoroughfare from Francis street to Anthony boulevard.

BUILDING PERMITS.

A. T. Anderson, 723 Wildwood avenue, 2-story frame dwelling, $4,200; Oliver street, 2-story frame dwelling, $2,600.

E. F. Liebman, 830 Barr street, remodel 3-story brick store building, $300; 311 West Wayne street, 1-story frame garage, $400.

DR. GILLIE RETURNS.

Dr. George W. Gillie, meat and milk inspector in the department of health, has just returned from Chicago, where he attended the annual convention of the International Association of Milk Inspectors. Delegates from twenty-three states, the Dominion of Canada and Australia were present. Dr. Gillie, as chairman, presented the report of the committee on control of bovine tuberculosis, and the committee was continued and given another year to pursue its investigations.

SHOP LEAGUE LEADERS.

- Catchers—Hines 982

- Second Basemen—Prince.....880
- Shortstops—Carr 968
- Third Basemen—Wares.....946
- Outfielder—Fink, Dunten, Watt.1000
- Pitchers—Lentz.....1000
- Batsman—A. McKee..... .545
- Base Stealing—Watt..... 12
- Married Men—W. Wedler..... .455

Leo Hines, catcher and captain of the Fort Wayne Electric works' baseball club, led the Fort Wayne Shop league in field work with a mark of .982, and William Franke, first baseman of the same club, was second with a mark of .977.

William Wedler, also a member of the "Elights," landed a ton of coal, given by the Homberger Coal Co., for being the best batter among the married men of the league.

In the distribution of prizes the Western Gas Construction champions got $20, a loving cup and a dozen watch fobs, donated by the Fort Wayne Hardware and Sporting Goods company, and a dozen pairs of woolen stockings given by the B. and B. Knitting company.

Each of the leaders in his department received $5. In addition to this Al McKee got a sweater coat, also given by the B. & B. Knitting company; "Rip" Watt got a $10 traveling bag from the A. and I. Leather company, Lentz a sweater coat from the B. & B. company.

An announcement some time ago that the league would probably be discontinued after the season just past is likely to hold good as it was a hard fight on the part of President Charles F. Smith and Secretary Johnny Alt to get the schedule played off. A rest of one season will tend to revive interest and a resumption will probably follow that will cause the game to stick for a while.

The administration of the officials has been highly satisfactory and both of them are willing to quit as there is no salary attached to either place.

George Lentz, of the Fort Wayne Electric works, did not lose a game during the season but was beaten by Bobby Smith in the play-off necessitated by a tie. Smith also had a perfect record but was not among the winners because he did not pitch the eight games required by the rules to be entitled to participation in the distribution.

The full list of fielding averages is published in this edition and shows that the players worked in good form during the year.

MIXED BILL AT PAULDING.

Wrestlers and Boxers to Stage a Carnival on Tomorrow Night.

With Johnny Belliter and "Young" Beell as top-liners, a wrestling and boxing carnival will be staged tomorrow night at the Paulding opera house. W. Nobis, of Paulding, and Tom Stutz, of Fort Wayne, are down for a westling match and Hal Stewart will meet Frankie DeWitte, of Detroit. W. L. Nobis, who is the manager of the affair, announces there has been a good seat sale for the affair.

CENTRAL LEAGUE MEETING CALLED

Directors Will Gather at Columbus on Monday, November 10.

PRESENT A SCHEDULE

President Louis Heilbroner sent out today a call for a meeting of the directors of the Central league to be held on Monday, Nov. 10, at the Niel in Columbus, O., in accordance with an arrangement made at the gathering in Grand Rapids last month.

Mr. Heilbroner will have a schedule for 1914 to present at the meeting but does not believe that it will be disposed of as more time will be necessary to consider it than can be given at the gathering of the national association, which will be on at the same time and place.

Each of the directors will probably have a schedule of his own and all may be discussed informally and adopted at the meeting in the spring when the business for next year will be launched.

* * *

The league president has had no word from Secretary John H. Farrell, of the national association, giving the class B drafts, but he thinks Claude H. Varnell obtained Bramble, a pitcher from the Berlin, Ont., club, and Beyers, of the Luddington, Mich., club.

Bramble has been at Berlin two years, and was formerly at Flint in the Southern Michigan. There he was not much of a pitcher but hit at .285 in about half the games of the schedule, as he played the outfield in addition to pitching.

Beyers caught 119 games and hit .287, and has a fielding average of .980. Brandt will go to the Chattanooga club and the local owner is still on a hunt for a shortstop. Contracts signed by Lace Taylor, a pitcher, and Jesse Haines, who worked in a few games for Dayton last season, and who is a right handed pitcher, have signed and their contracts are in the hands of President Heilbroner.

ROLLED BIG TOTAL.

In the Fort Wayne association games last night the Berghoff club rolled a total of 2,975 pins with 1,051 as the best mark. Chick Carr registered 245 for the high mark. The scores:

FORT WAYNE SHOP LEAGUE PLAYERS WHO MADE GOOD RECORDS IN FIELDING AND BATTING DURING THE SEASON OF 1913.

FALKENBERG HAD THE RIGHT DOPE

Thought He Could Come Back and He Worked Out His Own Idea.

TELLS HIS STORY

Cleveland, O., Oct. 28.—The greatest comeback in the history of baseball has told how he accomplished the seeming impossible. Fred P. ("Cy") Falkenberg, who was sent from the Cleveland Naps to the Toledo club of the American association in 1911 as a baseball has-been, gives his recipe for recovering pitching ability for the benefit of others in the national pastime who seem to have reached the end of their usefulness in big leagues. "Cy's" recipe must be a good one for it is the one he followed in coming back from the minors to fast company and making a record as the second best hurler in the game this year. The plan is a simple one:

"Two winters of stuffing curled hair into automobile cushions, plenty of bowling during the cold months and a careful attention to my physical conditions were the means of my coming back," said the elongated twirler in a recent interview. "Sounds simple, doesn't it? And it is.

"Two years ago, when the Cleveland management decided that my fast company days were over and sent me to their farming team in Toledo, it did look as though I would have to finish my career in the minor leagues. My friends sympathized with me, saying that it was merely the route all baseball players have to travel, that the pace in the big leagues was a short and merry one at best. But I couldn't agree with them, even though I had nothing but my own belief on which to base my arguments. However, I felt that I was not a dead one, and determined to work harder than I ever had before in my life to work back.

"Well, I succeeded. After playing the few remaining games in the Toledo schedule in 1911 I went to work in the upholstering department of an automobile factory. For eight hours a day and six days a week all during that winter I operated what is known as a tufting machine, a contrivance for making back and seat cushions for motor cars. Day by day I thumped and pounded the long, curled hair of commerce into that machine, getting a great deal more of good, solid exercise for my throwing arm than if I were pitching a game every day. All during the winter I didn't miss an hour's work, and almost every hour I felt my arm getting stronger. Almost every night I bowled, being a member of one of the seven teams in the league formed among the factory workers. I took the best possible care of myself and in the spring, thanks to the vigorous efforts of the winter period, I felt as fit as ever in my life.

"I reaped the benefit of my work in the season of 1912, making an excellent record for the American association with the Toledo team. That winter I went right back to the automobile factory and hair stuffing, pounding away as hard as ever at the day's work and at the evening bowling. Both did me a great deal of good, restoring my strength and hardening my muscles in great shape. Early in the spring of this year I was chosen as a member of the All-Overland bowling team which took second money in the international tournament held in Toledo. This spring, having investigated my physical condition, the Cleveland management took me back with the Naps. I have been meeting with success all during the season and can see no reason why I shouldn't be good for several years more of big league baseball."

As a comeback pitcher, Cy has won 22 games and lost 8, an average of .733 for this season. And he made a record at the beginning of the season of winning ten straight games. This places him second to Walter Johnson, the Washington premier twirler.

When he was returned to the Naps at the beginning of the 1913 season Falkenberg was depended on only to help Gregg and Fred Blanding, the two twirlers who were then taking the honors for the Naps. His showing has been so good, however, that he is now regarded as the best of the Clevelanders' hurling staff.

Falkenberg is by no means a youngster in baseball, having been in the major leagues for nearly ten years. He is not an iron man, being of slight, almost delicate, build. Therefore, of a necessity, more depends upon his brain power than his strength for pitching success, though he must be in the pink of condition in order to stand the pace at all.

Falkenberg has never indulged in liquor. He keeps good hours, always getting plenty of sleep. He is careful about the kind of food he eats. His one indulgence is in cigars—big black fellows—but these are tabooed during the playing season. He can very easily weaken himself by smoking, he says.

A riot of fun at the grand opening, Jefferson, today.

BASE BALL MADE FAMILY TROUBLE

Man Deserts Wife Because She Was Ardent and Attended Games.

HAD HIM ARRESTED

Wilkesbarre, Pa., Oct. 28.—James Cooper, of Larksville, deserted his wife because she was an ardent baseball fan. He so testified before Judge O'Boyle yesterday when Mrs. Cooper had him arrested for non-support. Cooper told the judge that his wife attended a ball game nearly every day during the past season and that he was compelled to prepare his own supper. He said she talked baseball morning, noon and night and that he took no interest in the sport. Judge O'Boyle suggested that with the baseball season over, Mrs. Cooper probably would remain at home and upon her promise to cook the meals the judge sent the couple home with the understanding that they would make a new start.

Yokel Wins Championship After Long Struggle With Chris Jordan.

Salt Lake City, Utah, Oct. 28.—Mike Yokel, of Salt Lake city, regained the world's middleweight wrestling championship title, which he lost to Chris Jordan, of Cleveland, last summer, when he won two straight falls from Jordan here last night. Yokel won the first fall in three hours 36 minutes and the second in a minute and a half. The match seemed to be close until the first fall. For hours each grappler tried to wear the other down. Yokel taking the aggressive, finally pinned his opponent down with a single hammerlock. Jordan's strength waned with the first fall and when they clinched again he was quickly thrown with a bar and head scissors hold.

ALL THE MAJORS AHEAD AT CLOSE

None of the Clubs in Big Leagues Lost on the Season.

BROOKLYN DID WELL

Chicago, Oct. 28.—The past season has been one of the most successful for the big leagues the game has ever known. In the two major organizations several of the clubs counted as losers in former years have pulled into the class of money makers.

For the National league the Brooklyn and Boston clubs have been able to make a lot of money compared to what they have done in the past. In fact, the Brooklyn club is said to have shown a larger balance on the right side of the ledger this fall than ever before in the history of the club. The Dodgers were up so close to the top during the early weeks of the season the club was able to get in enough money before the season was half over to clear the season's expenses.

The Boston club has also been a big money maker. Manager George Stallings has done wonders with the Braves. He has built up a combination which proved a real attraction. There is no doubt but that the Boston men will next year be as popular in their own town as the Red Sox, former champions of the world.

The St. Louis Cardinals are possibly the tail end club in the earning line as well as in the winning record. Two years ago the St. Louis club made a good sum and a year ago the Cardinals paid big dividends, but last summer was a tough one for the Mound City stockholders. The fans of St. Louis are good sports when they have a combination that can win, but they do not turn out to support a losing team nearly as well as in other cities of the big leagues.

Cincinnati was no big winner on the season, but the fans of Redland supported their team in the early half of the summer even if they were losers. The Phillies also made a lot of money for their owners. The Philadelphia club has been a poor money maker for years until the last three seasons. They have been up so close to the top all summer that they have proved one of the best drawing cards at home and away.

The Giants, of course, are the big money makers of the season. The New Yorkers have drawn capacity crows at home and away all season. The money won in the world's series also has added a lot of profit to the season's fund.

In the American league the only team that can be said to be a loser was the Browns. The two St. Louis clubs have fared poorly away from home as well as at home. But the Browns have made a little more than expenses. None of the big league clubs actually lose money like they used to. The receipts on the road often pull a team out of the hole if they are not drawing at home.

The American league has no bad towns. It used to be that Washington was always a loser, but this year the Senators have earned big dividends on the stock of the club. It has only been this and last year that the Senators have been looked upon as a winner. Clark Griffith has built up a team which can play ball, and the fans of Washington turn out in droves.

The Highlanders made good money considering the team was in last place all summer. Frank Chance and his men drew big crowds in the early season and made enough money in the first half of the year to more than clear expenses for the season. The New York team drew fairly well at home, even in the last half of the season, for Chance got his team going well and the fans turned out in large numbers.

The Cleveland team also made good money for its owner, while the Tigers and Red Sox broke a lot better than even on the summer.

The big winner in the American league is the Philadelphia club, but close behind the Athletics comes the White Sox. The south siders have been great cards on the road, and everyone knows that they have drawn wonderful crowds at home.

The Cubs made big money this year, but they did not come anywhere near doing as well as they have in the past. Johnny Evers and his men have been good road attractions. The Pirates probably slumped as much in earning power this year as any club in the big leagues. The Pittsburgers did not lose any money for stockholders, but made a good dividend, but not as large a one as in seasons past. The Pirates have always been one of the best cards at home and away.

F. A. DELANO HERE AN HOUR

Is Inspecting Wabash Improvements With Other Officials.

MACHINISTS TO ENTERTAIN

Will Give Twenty-Fourth Annual Ball at Minuet November 19.

President F. A. Delano, the receivers and management of the Wabash, accompanied by the general and division staff organizations and traffic department, are now making a complete and thorough inspection of the improvement work accomplished during the past year on the entire system. Improvements and additions to the property completed or being completed represent an expenditure of $12,000,000. The work done has been in the most substantial and permanent manner, using the heaviest rail, Wharton switches, stone ballast, steel and concrete bridges, steel water tanks, steel coal stations, and every detail has been built of the most indestructible material, including the equipment.

The equipment includes ninety-one engines of the Mikado type for freight service and the Pacific type for passenger service; 3,750 steel freight cars and ten steel passenger cars.

During the year 209.8 miles of double track were built, including the five miles through this city from Hugo to New Haven; block signaling and telephone dispatching were introduced; bridges considered too light were replaced by stronger and wider structures, including the bridge over the St. Mary's river at Fort Wayne; many industrial tracks and passing sidings were installed, using in this work and in double tracking 420 miles of 90-pound steel rail; twelve modern coaling and four modern water stations were installed, and many new tools bought for the shops. New locomotive shops were built at Decatur and a rock crushing plant installed at the quarries.

Terminal improvements which cost many thousands of dollars were made at Detroit, Mich., and Quincy, Ill.; grain elevators at Harlem and elsewhere were enlarged and improved; industrial tracks and warehouse scales were put in at numerous places and there were other miscellaneous improvements that went to swell the total outlay.

The party reached Fort Wayne about 9:30 this morning and remained about an hour. The train stopped at the coal docks to allow President Delano and some of the other officers to alight and they walked to the depot, passing through the round house, the shops, the freight house and yards and spending a few minutes in looking over the new depot.

President Delano is suffering from an attack of rheumatism and can scarcely walk, yet he made the trip through the shops and yards with the others. Regarding the business outlook Mr. Delano is inclined to be a little pessimistic. "We are worrying some over the situation," he said. "The business of the Wabash at present is not up to the standard of last year at this season and I fear there is not going to be an immediate improvement," he continued. When asked as to the cause in the falling off in traffic, Mr. Delano said: "Tariff and currency legislation had some influence. The banking and business interests became more or less alarmed and held back loans," he said. "Matters will adjust themselves, however, after awhile," continued Mr. Delano.

The party had a special train of four private cars and the personnel was as follows: Receivers F. A. Delano, W. K. Bixby and E. B. Pryor; General Manager Henry Miller, Traffic Manager W. C. Maxwell, General Superintendent S. E. Cotter, Chief Engineer A. O. Cunningham, Purchasing Agent T. J. Frier, Superintendent of Motive Power E. F. Needham, General Passenger Agent J. D. McNamara, Assistant General Passenger Agent H. V. P. Taylor, General Freight Agent C. H. Stinson, General Claim Agent B. C. Winston, Freight claim Agent G. A. McFarland, Assistant General Freight Agents H. E. Watts and H. G. Holden, Superintendent of Transportation F. R. Bolte, Superintendent of Telegraph J. P. Church, Supt. J. C. Sullivan, Trainmaster C. E. Wells, Master Mechanic G. W. Smith, Division Storekeeper C. E. Dale, District Passenger Agent W. H. Shorey, Commercial Agent A. L. Gilbert, Road Foreman of Engines M. H. Russess and Assistant Trainmaster A. F. King.

Mayor Jesse Grice was at the depot to meet the railway officials and accompanied President Delano to Grand and Harrison streets, where the pavements have just been completed and where the best view of the new passenger station could be obtained.

MANY MACHINISTS OUT OF WORK.

"From the number of machinists applying for work at our shop," said Factory Supt. J. J. Muir, of the Bass works, this morning, "I infer that the bottom has dropped out of automobile building. Every day machinists who were employed in auto factories apply for work at our place and they report business very dull in the auto manufacturing line." Many common laborers are also out of work, or are making an effort to get employment indoors. Hundreds of applications for jobs are made every day at the railway and other shops. Yet work, with one or two exceptions, is good in the industrial plants of Fort Wayne.

MACHINISTS TO HAVE DANCE.

Friendship lodge, No. 70, International Association of Machinists, will give its twenty-fourth annual ball Wednesday night, November 19. The affair will take place at the Minuet hall and every detail looking towards the success of the dance, socially, financially and otherwise, is receiving attention. There will be excellent music and those who do not care to dance will be given opportunity to take part in cards or other amusement. Friendship lodge has made a wonderful growth in the past decade, more than doubling its membership.

WILL MOVE TOMORROW.

Ed Hausbach, who has been appointed machine shop foreman at Decatur for the Wabash, is loading his household effects into a car for shipment tomorrow and with his family he will leave for that city tomorrow night and assume active work in the big shops the following day. Mr. Hausbach is quite popular with his associates at the shops in this city and they regret his removal, though they rejoice in his promotion.

INDUSTRIAL NOTES.

H. C. Grossman, H. C. Horstmeyer and H. F. Leibig are sick and off duty at the Pennsylvania shops.

Blacksmith James Trythall, of the Pennsylvania shops, left today for Pittsburg to visit his son.

R. E. Rolap and Ed Stoll clerks and stenographers at the Nickel Plate offices, were in Chicago over Sunday.

H. E. Jetmore, for two years employed at the rolling mills, took employment at the Pennsylvania boiler shop this morning.

Mrs. Henry Geerken, wife of the Pennsylvania boilermaker, left today for Waynesboro, Pa., to see her son, who is sick.

A 40,000-pound fly wheel left the Bass shops this morning for Pittsburg, where it will become a part of the equipment of steel mills.

A special train running as the second Broadway limited, No. 29, on the Pennsylvania, carried a lot of New York bankers to Chicago today.

Foreman T. C. Steger, of the pipe and tin shop of the Wabash, was a guest of friends in Toledo over Sunday. His brother resides in that city.

Machinist William Fitzpatrick, of the Pennsylvania, has returned from the wilds of Montana, where he spent two or three weeks hunting. Included in the game killed by him were a deer, a mountain lion and a bear.

Henry P. Bolt, of Detroit, traveling freight agent for the Missouri Pacific, the Iron Mountain, the Denver and Rio Grande and the Western Pacific, was calling on manufacturers and shippers today. Mr. Bolt gets here about every month.

Mr. and Mrs. John Sullivan, who had been visiting here, returned to their home in Chicago today. Mr. Sullivan, who is an engineer, resided here several years ago and was employed on the Pennsylvania. He is now working on a Chicago city line.

H. T. Mills, who has charge of the tool room at the Pennsylvania machine shop, has recovered from an illness and resumed work, after an absence of a week. Mr. Mills will be seventy years old November 9 and will pass to the pension system December 1.

From Decatur comes the news the opening of the big Wabash shops has created a shortage in houses and in boardinghouse facilities. As a result rents and board have advanced beyond reasonable figures and men who would otherwise go there to work will await for more favorable conditions for housekeeping in that city.

SNOW AND COLDER WEATHER IS DUE

Official Weather Reports Show First Zero Marks of Season.

LOOK FOR BIG DROP

Colder weather accompanied by rain, later turning to snow is predicted to reach Fort Wayne within the next twenty-four hours, and this morning, for the first time since last winter, the government weather report shows the first zero temperatures in the northwest.

Walter S. Palmer, forecaster in charge of the Fort Wayne station of the weather bureau, declares that the area of low temperature is rapidly moving toward this section of the country, and by tomorrow morning, he looks for much cooler weather. If the western storm does not break before reaching Indiana, Mr. Palmer declares the mercury in Fort Wayne thermometers will reach the low record of the year, clinging in the neighborhood of twenty or twenty-five degrees.

The change will first be heralded by cold and dashing rain, which will later turn to snow.

Young's Mandolin club at the Jefferson opening today.

At the end of 1912 there were employed in the gold mines of the Transvaal 224,334 whites and 205,488 natives, the aggregate wages paid out for the year being $68,881,758.

A SPIRITED YOUNG LADY WRITES OF HER HAIR AND HERPICIDE

Few ladies realize how much an untidy head of hair detracts from their personal appearance. It also indicates an undesirable trait. Unkempt hair simply shows that while they may be scrupulously neat in every other way, they are careless about their hair.

Thin, scraggy, wispy hair generally indicates dandruff and dandruff is caused by a germ. Newbro's Herpicide will eradicate the scale-like accumulation and keep the scalp as clean and healthy as can be. This permits the hair to grow naturally and luxuriantly. That terrible itching which goes with the dandruff stops with almost the first application.

Substitutes or remedies said to be "just as good" are sometimes offered, but it is better to buy "the genuine original germ killer, Newbro's Herpicide." There is no guesswork about that preparation. A trial isn't necessary, just buy a bottle and use it. The results are sure to be better than you expect.

Newbro's Herpicide in 50c and $1.00 sizes is sold by all dealers who guarantee it to do all that is claimed. If you are not satisfied your money will be refunded. Applications obtained at the better barber shops. Send 10c in postage for sample and booklet to The Herpicide Co., Dept. R., Detroit, Mich. Bradley Bros., Special Agents.—Adv.

Rheumatism

A Home Cure Given by One Who Had It

In the spring of 1893 I was attacked by Muscular and Inflammatory rheumatism. I suffered as only those who have it know, for over three years. I tried remedy after remedy, and doctor after doctor, but such relief as I received was only temporary. Finally I found a remedy that cured me completely and it has never returned. I have given it to a number who were terribly afflicted and even bedridden with Rheumatism, and it effected a cure in every case.

I want every sufferer from any form of rheumatic trouble to try this marvelous healing power. Don't send a cent; simply mail your name and address and I will send it free to try. After you have used it and it has proven itself to be that long looked for means of curing your rheumatism, you may send the price of it, one dollar, but, understand, I do not want your money unless you are perfectly satisfied to send it. Isn't that fair? Why suffer any longer when positive relief is thus offered you free? Don't delay. Write today.

GRAIN AND PROVISIONS.

Chicago Market.

Chicago, Oct. 28.—More reassuring crop advices from Argentina gave the wheat market today over to the bears. Continued liberal receipts at Winnipeg led to discourage the bulls. The opening, which was a shade to ¼@⅜c lower, was succeeded by an additional decline.

The close, though, was steady at a loss of ¼c net.

Selling pressure based on weaker cable quotations and on the weakness in wheat carried corn to a lower level. Commission buying, however, developed after the dip. Opening prices were unchanged to ¼@⅜c off, but a rally that ensued put figures well above last night.

The close was steady, ⅛c to ¼c above last night.

Although oats eased off with other grain, the loss was entirely regained. Trading was light and scattered.

Provisions sagged owing to a decline in the hog market. First sales varied from 2½c down to a like amount up, with later transactions at a material drop.

THE DAY ON WALL STREET.

New York, Oct. 28.—First prices of stocks today showed small and irregular changes, with an easier tendency. Canadian Pacific receded 1½ and Westinghouse I. Union Pacific was heaviest of the active stock declining ½. Rock Island preferred opened up a point, but lost the gain on the next transaction.

After a period of hesitation in the early trading the stock market today resumed slow upward movement with which the week began.

Apathy of the larger traders, who apparently were willing to let the market drift, was largely responsible for the heaviness but as soon as stocks were offered at concessions the demand expanded sufficiently to bring about the upturn. Bonds were steady.

The market closed heavy. Speculative sentiment turned pessimistic again when no effort was made to defeat the raiding tactics of the bear party. It was contended that a reaction was overdue and the decline was helped also by rumors of further complications in the Mexican situation. Losses reached 3 points in Canadian Pacific, 2 in Union Pacific and 1 to 1½ in Steel, Reading, Southern Pacific and Amalgamated. Covering operations pulled up the list fractionally at the end and the general tone remained depressed.

Men's Suits, $10 to $45—Hart, Schaffner & Marx suits as low as $15, or $5 under any other store in the state.

FRUIT LAXATIVE FOR MAMMA, DAD, BABY, "CALIFORNIA SYRUP OF FIGS"

Better than calomel, oil or salts for liver, bowels and stomach.

Mother, daddy and the children can always keep feeling fine by taking this delicious fruit laxative as occasion demands. Nothing else cleanses the stomach, liver and bowels so thoroughly without griping.

You take a little at night and in the morning all the foul, constipated waste, sour bile and fermenting food, delayed in the bowels gently moves out of the system. When you awaken all headache, indigestion, sourness, foul taste, bad breath, fever and dizziness is gone; your stomach is sweet, liver and bowels clean, and you feel grand.

"California Syrup of Figs" is a family laxative. Everyone from grandpa to baby can safely take it and no one is ever disappointed in its pleasant action. Millions of mothers know that it is the ideal laxative to give cross, sick, feverish children. But get the genuine. Ask your druggist for a 50 cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups on each bottle. Refuse with contempt the cheaper Fig Syrups and counterfeits. See that it bears the name—"California Fig Syrup Company."—Adv.

RYANS, PERE ET FILS, BREAK IN

Alleged Blind Man and His Stall Commit Assault on the Jail.

NEWS OF THE POLICE

Pat Ryan, who insists he is blind, and John Ryan, who insists he is Pat's son, were arraigned for the second time within a day's short span at the bar of the city. Twixt these appearances they had arraigned themselves at divers other bars where there is dispensed something less difficult to administer but more captious to manage than justice. Officer Madden got the twain at midnight near the south depots. Both were drunk and had a bottle of flourishing appearance. They were sent in.

"That blind man there can see a dime as far as anybody, if you'll put him through," said the officer.

The elder man protested that he could not see and made a pretense of displaying his sightless orbs to the court. Whether blind or not, Ryan is a nuisance, probably an impostor and had failed to get out of town as he promised when in yesterday. The younger man evidently has a more or less soft thing in his companion, whose ostensible affliction can stir much sympathy and raise the price of many drinks. They were sent over for eleven days.

Bill's Tip Was Straight.

"Five and costs," laconically said Judge Mungovan, after William Taft had stumbled through a labored answer to the testimony of Officer Degitz.

"The officer privately told me they would get me. I got it, didn't I?" said Bill.

"You got it. It was a straight tip," said the court and the man who is weighted with a great name was led back to a cell.

Taft has been making nightly appearances at the police station for lodging since last week and each time has toted in an overdone stew. He is vile and filthy in his talk and ugly in temper and the station officers had got tired of him.

Disturbed a Hospital.

William Bowers, an aged man in the employ of the city, got drunk and invaded St. Joseph hospital. The sisters at the institution could not get rid of him and Officer Charles Eisenhut went out and arrested him. Bowers had no plea to make but of guilt and got eleven days.

Quinn Pre-empted a Bed.

John Quinn, a ratty-looking souse who says he is a cigarmaker and but recently arrived, got fifteen days for drunkenness. Last night he went into the American hotel on the north side, walked upstairs to a room and tucked himself in all nice and comfy and went to sleep without formality of registration, deposit and assignment. The night clerk could not get him out and Officer Collins was called upon. Quinn told a tedious story that led nowhere.

Lamp Post Shifted on Him.

Aug. Henkenius had his bulky frame saturated with red liquor and was keeping the perpendicular by affectionately embracing a lamp post at the corner of Main and Clinton streets this morning. Aug. let go with one arm to swat an imaginary fly on his nose and the tricky lamp post made a sudden shift away from him. He fell into the gutter helpless and wallowed there until the police wagon came. He was too drunk for a hearing and his case was continued until tomorrow morning.

Pleads Guilty to Embezzlement.

Rutherford B. Hawkins pleaded guilty to a charge of embezzlement and was given $5 and costs and thirty days in jail. He was a clerk at the Hotel Centlivre and last July sloped with money belonging to Manager Carr, of that hostelry. Recently he returned, was arrested for carrying deadly weapons and the embezzlement case was turned up against him. The amount he stole was not large.

Other City Court Cases.

Thomas Dunn, who went to police headquarters last night and asked to be locked up to get his souse under control, was sent over for eleven days.

Frank Malt's name did not prejudice his story that instead of being drunk he was having a fit and he was turned loose.

Cass Brackensic, an aged toper who topes himself into frequent affairs with the police begged piteously to be let go when Judge Mungovan entered a week's continuance to get him straightened up and Judge Mungovan turned him loose. He was down and out at the Wabash depot when Officer Zwick got him.

Ralph Smith, a loiterer, and George Thompson, drunk, were released.

Little Susan — "Oh, Anty Drudge, I wish mama would give me a party, but she says she has so much to do she hasn't got any time to think about such things. I have just been to May's party and I had a lovely time. Mama told me to be sure and tell May's mother I had a pleasant time, so I told her as soon as I got there for fear I'd forget."

Anty Drudge—"You come right along with me. I'll go up and see your mother and tell her how to do her work with Fels-Naptha Soap. She'll soon get rested and strong and find she has plenty of time to give you a little pleasure."

Fels-Naptha Soap in cool or lukewarm water *dissolves* grease and then the washing and rinsing make it disappear.

Fels-Naptha takes stains out of clothes, makes them sweet, clean and white and does not hurt delicate materials.

Fels-Naptha does everything for you in half the time with less than half the trouble it used to take. It works best in cool or lukewarm water.

Better buy it by the box or carton. Follow easy directions on Red and Green Wrapper.

WANT WIRING INSPECTOR

Fort Wayne Federation of Labor Holds Regular Meeting.

The Fort Wayne Federation of Labor met in regular session Monday evening and after having transacted a small amount of routine business, again entered into discussion of the advisability of having the city appoint a special inspector to pass on all inside and outside electrical wiring, installed by private contracts. Representatives of the Electrical Workers' union were present and declared that many contractors employ boys to install wiring systems in residences. It was pointed out that unskilled workers should not be allowed to wire a house because of the fire hazard.

A pair of ladies' shoes given away as one of the Labor day awards, did not bear a union label and were returned to the federation. They will be replaced by a pair of union made shoes and returned to the person who won them during the federation's celebration.

RETAIL GROCERS MEET.

Discuss Saturday Night Closing With Meat Cutters' Union.

The Fort Wayne Retail Grocers' association met in regular session Monday evening and devoted considerable time to the discussion of the proposed plan of closing all groceries and meat markets in the city at 9 o'clock each Saturday night. No decision was reached, and the matter has been postponed until the November meeting. Harry F. Schwartz, of the Meat Cutters' union, addressed the grocers.

It is said that the meat cutters are greatly disappointed over the postponement, and it is likely that a special meeting of the union will be called this week. The Saturday night closing plan has the endorsement of the Fort Wayne Federation of Labor, and also the Master Butchers' association.

THAW IS GRANTED DELAY.

Governor Felker Consents to Further Continuance of Case.

Rochester, N. H., Oct. 28.—Governor Felker, after hearing both sides, granted the request of Harry K. Thaw for a further continuance in the extradition proceedings, setting November 4 as the final date on which his attorneys may file a supplementary brief bearing on the conspiracy indictment returned against their client by the New York county grand jury. A continuance of two weeks had been requested. William T. Jerome, who opposed the delay, will be allowed two days to answer the new brief.

A VEGETABLE MADE $150,000 FOR A SINGER

A young European singer, who had suffered with indigestion, with the help of a famous French doctor (who told him of a vegetable having marvelous digestive properties) made a sauce containing this vegetable, which he used with his food and in the cooking. It was pronounced by the best cooks in Europe as a sauce unexcelled. The sauce was made by a company who paid the singer for the wonderful recipe. So great and immediate has been the success of Waw-Waw that it is to be found in all parts of the world. A few years ago the famous Waw-Waw was unknown in America, yet now it is to be found in the principal hotels, railroads and homes throughout this country. It adds zest and piquancy when used in the cooking, and added to soups, salads, hot and cold meats and fish it is unequalled, and at the same time you will see how easily you can digest anything. It is absolutely unlike all other sauces. Although resembling in taste a Worcestershire, yet the ingredients used are quite different. Waw-Waw (an obsolete South American word for vegetable) is purely vegetable and is guaranteed absolutely pure. Miss Rita Jollvet, the wonderful actress, writes: "The best sauce I have ever tasted and helps my digestion wonderfully." A 25-cent bottle from your local grocer will soon convince you how much more you will enjoy your food, and how easily you can digest anything and everything.
